SUBJECT: CRENSHAW PROJECT CORPORATION ANNUAL FINANCIAL REPORT

ACTION: RECEIVE AND FILE

RECOMMENDATION

RECEIVE AND FILE the **Crenshaw Project Corporation (CPC) Annual Financial Report for the fiscal year ended June 30, 2015** (Attachment A).

ISSUE

The CPC was formed in 2012 to act as the Transportation Infrastructure Finance and Innovation Act (TIFIA) Loan conduit borrower for the Crenshaw/LAX Transit Corridor Project (Crenshaw/LAX Project). The CPC Bylaws require that an annual financial report be prepared for review by the CPC Directors no later than 120 days after the close of the Corporation’s fiscal year (June 30th), or such later date permissible by Public Benefit Corporation Law. Attachment A presents this required financial report.

DISCUSSION

Fiscal Year 2015 was the first year, since its inception, that the CPC had any financial transactions. In September 2012, the CPC secured a \$545,900,000 TIFIA loan from the United States Department of Transportation (USDOT). The TIFIA loan is secured by Measure R Sales Tax revenues allocated to the Crenshaw/LAX Project. In June 2015, the CPC received its first disbursement of TIFIA loan funds in the amount of \$37,477,000. This loan disbursement was then advanced to Metro for the purpose of reimbursing the agency for eligible Crenshaw/LAX Project expenses. In addition, the CPC paid \$457,000 in expenses that consisted of loan fees and other charges. The CPC was reimbursed for these expenditures by Metro. The Annual Financial Report states that the net position of the CPC as of June 30, 2015 was \$0 as a result of the transactions noted above. Attachment A contains the CPC Basic Financial Statements (Unaudited) for FY15.

Notes to the Financial Statements (Unaudited)
June 30, 2015

The Notes to the Basic Financial Statements are a summary of significant accounting policies and other disclosures considered necessary for a clear understanding of the accompanying basic financial statements. Unless otherwise stated, all dollar amounts are expressed in thousands.

Note 1 – Reporting Entity

The Crenshaw Project Corporation (CPC) was formed for the specific purpose of securing a TIFIA loan for the Crenshaw/LAX Corridor Project of LACMTA. The Project covers the design and construction of a new 5.5 mile double-track light rail lines with a minimum of six transit stations and a full service maintenance facility known as “Southwestern Yard”. The Project will extend from the EXPO Line at the intersection of Exposition and Crenshaw Boulevards and the Green Line near the existing Aviation/LAX station.

The CPC is governed by a Board consisting of the same members of the Board of Directors of LACMTA (the “Metro Board”). The Chair, First-Chair and Second-Chair of the Metro Board shall have the corresponding positions on the Board. Directors may serve on the Board only as long as they are members of the Metro Board. Each Director shall serve a term commensurate with his or her term on the Metro Board.

Note 2 - Summary of Significant Accounting Policies

The CPC’s basic financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America as applied to governmental agencies. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The CPC’s significant accounting policies are described below.

Measurement Focus, Basic of Accounting, and Financial Statement Presentation

The basic financial statements are reported using the accrual basis of accounting. Revenues are recorded when earned, and expenses are recorded when incurred, regardless of the timing of related cash flows.

Fund Accounting

The proprietary fund type is used to account for ongoing operations and activities similar to those found in the private sector, where the determination of net income is necessary or useful for sound financial administration. CPC uses the proprietary fund type to account for the goods and services provided to LACMTA on a cost reimbursement basis. CPC applied all applicable Government Accounting Standard Board and Financial Accounting Standards Board pronouncements in accounting and reporting for its proprietary operations.

As of June 30, 2015, the outstanding balance on TIFIA loan was \$ 37,477.
