RECEIVE AND FILE the **second quarter report of Management Audit Services (Management Audit) for the period ending December 31, 2016.**

ISSUE

At its January 2005 meeting, the Board designated the Executive Management and Audit Committee (EMAC) as their audit committee. The EMAC requested a quarterly report from Management Audit on its audit activities. In July 2011, the audit responsibilities were transferred to the Finance, Budget and Audit Committee. This report fulfills the requirement for the second quarter of FY 2017.

DISCUSSION

Management Audit provides audit support to the Chief Executive Officer (CEO) and his executive management team. The audits we perform are categorized as either internal or external. Internal audits evaluate the processes and controls within the agency. External audits analyze contractors, cities or non-profit organizations that we conduct business with or receive Metro funds.

There are four groups in Management Audit: Performance Audit, Contract Pre-Award Audit, Incurred Cost Audit and Audit Support and Research Services. Performance Audit is primarily responsible for all audits for Operations, Finance and Administration, Planning and Development, Program Management, Information Technology, Communications, Risk, Safety and Asset Management and Executive Office. Contract Pre-Award and Incurred Cost Audit are responsible for external audits in Planning and Development, Program Management and Vendor/Contract Management. All of these units provide assurance to the public that internal processes are efficiently, economically, effectively, ethically, and equitably performed by conducting audits of program effectiveness and results, economy and efficiency, internal controls, and compliance. Audit Support and Research Services is responsible for administration, financial management, budget coordination, and audit follow-up and resolution tracking.

The summary of Management Audit activity for the quarter ending December 31, 2016 is as follows:

Internal Audits: 2 internal audits were completed; 11 internal audits were in process.

External Audits: 2 contract pre-award audits and 14 incurred cost audits with a total value of \$123 million were completed; 6 contract audits and 64 incurred cost audits were in process.

Audit Follow-up and Resolution: 18 recommendations were closed and 24 recommendations were added during the second quarter. At the end of the quarter, there were 98 open audit recommendations. Details of all open, extended, and closed recommendations can be found in the Second Quarter Board Box titled "Status of Audit Recommendations".

Management Audit's FY 2017 second quarter report is included as Attachment A.

NEXT STEPS

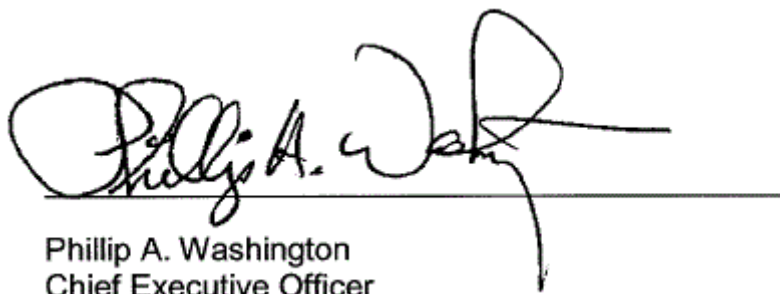

Management Audit will provide the third quarter FY 2017 summary of audit activity to the Board at the May 2017 Finance, Budget and Audit Committee meeting.

The completed external audits are discussed on page 4. Discussions of the internal audits begin on page 5.

EXECUTIVE SUMMARY

Eighty-one projects were in process as of December 31, 2016; these include 11 internal audits, 6 contract pre-award audits, and 64 incurred cost audits.

The following chart identifies the functional areas where Management Audit focused audit staff time and efforts during second quarter FY 2017:

Audit follow-up:

- 18 recommendations were closed during the second quarter. At the end of the quarter there were 98 open audit recommendations.
- In addition, we closed 6 OIG recommendations. At the end of the quarter there were 16* open audit recommendations.

*This total does not include recommendations included in the Capital Project Construction Management Best Practices Study and Audit of Westside Purple Line Extension Section 2- Modification No. 52, as the management response and/or estimated completion dates are still pending. However, Program Management has hired a consultant to assist in addressing the most critical elements of the Best Practices Study.

EXECUTIVE SUMMARY

Audit Standard Reporting Requirements

Independence

The International Standards for the Professional Practice of Internal Auditing requires that we report annually on our organizational independence. Organizational independence is achieved if the chief auditor reports to a level within the organization that allows the internal audit activity to fulfill its responsibilities in an unbiased manner.

Management Audit reports to the CEO and the Audit Charter requires that the Board of Directors' review and concur in the appointment, replacement or dismissal of the Chief Auditor. Therefore, we are organizationally independent and in compliance with this standard.

Audit Charter

The International Standards for the Professional Practice of Internal Auditing requires that we review our internal audit charter periodically, present it to executive management and obtain board approval. The internal audit charter is a formal document that defines management audit activity's purpose, authority, and responsibility.

The Audit Charter was approved by the Board in July 2009. In 2011, the International Standards for the Professional Practice of Internal Auditing were revised. The Board approved Charter was compared to the updated standards and is in compliance with the new requirements. The Audit Charter is included in Appendix F for your reference.

Internal Quality Self-Assessment

The International Standards for the Professional Practice of Internal Auditing and the Government Auditing Standards require that we report annually to executive management and the board on the quality assurance and improvement program.

An independent quality self-assessment was completed for FY16 and we are in compliance with the audit standards. We identified two areas of improvement relating to internal processes over engagement management. As a result of the quality assessment, we enhanced our engagement procedures and conducted departmental refresher trainings.

EXTERNAL AUDITS

Contract Pre-Award Audit

Contract Pre-Award Audit provides support to the Vendor/Contract Management Department for a wide range of large-dollar procurements and projects. This support is provided throughout the procurement cycle in the form of pre-award, interim, change order, and closeout audits, as well as assistance with contract negotiations.

During second quarter FY 2017, two audits were completed. The two audits supported procurements in the following areas:

- 2 Purple Line Extension, Section 2 Project procurements.

Six contract pre-award audits were in process as of December 31, 2016.

Details on Contract Pre-Award Audits completed during second quarter FY 2017 are in Appendix A.

Incurred Cost Audit

Incurred Cost Audit conducts audits for Planning and Development's Call-for-Projects program, Program Management's highway projects, federally funded transportation programs, and various other transportation related projects, including CalTrans projects. The purpose of the audits is to ensure that funds are spent in accordance with the terms of the grants/contracts and federal cost principles.

Incurred Cost Audit completed 14 audits during second quarter FY 2017. We reviewed \$123.5 million of funds and identified \$6.7 million or 5% of unused funds that may be reprogrammed. Sixty-four incurred cost audits were in process as of December 31, 2016.

Details on Incurred Cost Audits completed during second quarter FY 2017 are in Appendix B.

INTERNAL AUDITS

For the second quarter of FY 2017, 2 internal audits were completed. Eleven internal audits were in process as of December 31, 2016. The internal audits in process are listed in Appendix C.

The following internal audits were issued in the second quarter FY 2017. The completed reports are listed in order of the magnitude of risks that their findings represent to the agency.

Performance Audit of Wayside Systems – Track Maintenance

The audit objective was to evaluate the efficiency and effectiveness of the rail track maintenance process.

The Wayside Track Maintenance process is effective in that it complies with track safety standards established by the California Public Utilities Commission. However, we found that the Preventative Maintenance Plan (PMP) is not comprehensive and does not provide a basis for proactively sustaining the track structure because maintenance activities are mostly reactive to conditions identified during inspections. We found opportunities to improve the process by developing a more comprehensive PMP through regularly planned maintenance, scheduled repair and scheduled replacement of track assets and components; fully automating the inspection and work order processes, establishing formal standards and guidelines for maintaining track assets, and improving the training program for maintenance staff.

Management concurred with all of our recommendations and is implementing corrective actions to resolve the issues.

Performance Audit of Post Implementation Automated Storage and Retrieval System (ASRS) System Upgrade

The audit objective was to evaluate the effectiveness of the implementation process for the ASRS upgrade.

We found that the implementation process for the ASRS system upgrade was effective. User satisfaction was met and there was a process in place to respond to issues identified and that they were resolved in a timely manner. In addition, we found that the procurement process was followed to ensure that the agency received the ASRS system upgrade that it procured and paid for.

OTHER AUDITS

Other Audits

Other audits completed during Second Quarter FY17 by external CPA firms include:

Proposition A and C Special Revenue Funds Audit – Issued November 2016

The MTA Reform and Accountability Act of 1998 requires the completion of an independent audit to determine compliance by the Los Angeles County Metropolitan Transportation Authority with the provisions of Propositions A and C. BCA Watson Rice LLP (BCA) completed the Independent Auditor's Report on Schedule of Revenues and Expenditures for Proposition A and Proposition C Special Revenue Funds, which fulfills the requirement for the year ended June 30, 2016. As required by law, BCA will present their audit report to the Independent Citizen's Advisory Oversight Committee.

Gateway Center & Union Station Properties Financial Statements and Independent Auditor's Reports – Issued November 2016

Metro acquired the Union Station and Gateway Center properties in April 2011 and entered into a Leasing and Operations Management Agreement with Morlin Asset Management for the management and operations of the Gateway Center and Union Station.

We contracted BCA Watson Rice LLP (BCA) to conduct an audit of the financial statements for these two entities for the year ended June 30, 2016. The auditor found that the financial statements present fairly, in all material respects, the financial position of each entity.

Measure R Special Revenue Fund Audit – Issued November 2016

The voter approved Measure R Ordinance mandates that an annual audit be conducted after the end of the fiscal year to ensure that the MTA complies with the terms of the Ordinance related to the receipt and expenditure of sales tax revenues during the fiscal year. BCA completed the Independent Auditor's Report on Schedule of Revenues and Expenditures for Measure R Special Revenue Fund, which fulfills the requirement for the year ended June 30, 2016. As required by law, BCA will present their audit report to the Measure R Oversight Committee.

Measure R Compliance Audit of the Cities and County – Issued December 2016

The voter approved Measure R Ordinance mandates that an annual audit be conducted after the end of the fiscal year to determine compliance with the provisions of the Ordinance related to the net revenues allocated to the Local Return Subfund during the fiscal year. For efficiency and effectiveness, we contracted with two firms (Simpson & Simpson and Vasquez & Company, LLP) to conduct the audits of Measure R sales tax revenues used by the 87 cities as well as the County of Los Angeles. As required by law, Simpson & Simpson and Vasquez will present their audit report to the Measure R Oversight Committee.

OTHER AUDITS

Audited Financial Statements of Regional Transit Access Pass (TAP) Settlement and Clearing Accounts – Issued December 2016

Los Angeles TAP was created by the LACMTA through Board action to implement a region-wide universal fare system which provides a fully integrated, electronic fare collection system that allows seamless multi-modal travel throughout the region using smart card technology. This universal fare system is known today as the Regional TAP Program. The Regional TAP Program is managed by the Regional TAP Service Center utilizing LACMTA's staff resources.

We contracted BCA to conduct an audit of the financial statements for the year ended June 30, 2016. The auditor found that the statement of net position present fairly, in all material respects, the financial position of the Regional TAP Service Center TAP Settlement and Clearing Accounts as of June 30, 2016.

PTSC-MTA Risk Management Authority Basic Financial Statements – Issued December 2016

In October 1998, the Public Transportation Services Corporation (PTSC) and the Los Angeles County Metropolitan Transportation Authority (LACMTA) entered into a joint powers agreement to create the PTSC-MTA Risk Management Authority (PRMA) for the purpose of establishing and operating a program of cooperative self-insurance and risk management. PRMA receives all of its funding from LACMTA and PTSC. As PTSC also receives its funding from LACMTA, PRMA is a component unit of the LACMTA and is included in LACMTA's financial statements as a blended component unit.

An audit of PRMA's financial statements by an independent CPA firm is required annually. We retained BCA to conduct the audit for the fiscal year ended June 30, 2016. BCA found that the financial statements present fairly, in all material respects, the position of PRMA as of June 30, 2016.

OTHER AUDITS

Basic Financial Statements – All parts Issued by December 2016

An audit of our financial statements by an independent CPA firm is required annually. We retained Crowe Horwath LLP to conduct the audit for the fiscal year FY16. The following reports include MTA's basic financial statements and following component audits for the year ended June 30, 2016:

- Basic Financial Statement Report;
- Los Angeles County Metropolitan Transportation Authority Single Audit Report Fiscal year ended June 30, 2016 which include:
 - Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with Government Auditing Standards; and
 - Report on Compliance for Each Major Federal Program; Report on Internal Control over Compliance; and Report on the Schedule of Expenditures of Federal and State Awards as Required by OMB Circular A-133;
- Federal Funding Allocation Data for the Transportation Operating Agency (ID# 90154) for the fiscal year ended June 30, 2016;
- Transportation Development Act Operations Agency for the year ended June 30, 2016;
- Transportation Development Act & Prop 1B PTMISEA Planning Agency for the year ended June 30, 2016;
- State Transit Assistance Special Revenue Fund's basic financial statements as of and for the years ending June 30, 2016 and 2015;
- Crenshaw Project Corporation basic financial statements and other supplementary information as of June 30, 2016; and
- Service Authority for Freeway Emergencies' financial statements and other supplementary information as of and for the years ending June 30, 2016 and 2015.

Crowe issued unmodified opinions on all audit reports. There were no findings identified in the audit reports.

28	Information Technology	14-ADM-P01 - Mobile Devices	3	We recommend that the Chief Information Officer expand ITS wireless Device and Service policies and procedures to include written security requirements for mobile devices.	9/30/2015	10/31/2016
29	Information Technology	14-ADM-P01 - Mobile Devices	4	We recommend that the Chief Information Officer implement a device management platform that will provide adequate device level security controls.	9/30/2015	10/31/2016
30	Operations	13-OPS-P06 - Contracted Bus Service	1	We recommend the Executive Director, Transportation, to require Contracted Services to: develop a Contract Monitoring System that includes but is not limited to: a. A Contract Administration Plan that specifies the performance outputs of the statement of work and describes the methodology to conduct monitoring or surveillance. The extent and frequency of monitoring activities should be based on an assessment of risk related to each contractor and the impact if the work is not performed adequately. b. Written policies and procedures that serve as a guide to ensuring consistent, high quality contract monitoring process. c. A centralized location for receiving and maintaining contractors' submittals and reports by utilizing Metro's existing web based SharePoint system.	10/31/2016	
31	Operations	13-OPS-P06 - Contracted Bus Service	6	We recommend the Executive Director, Transportation, to require Contracted Services to develop procedures for monitoring contractors performance, including, but not limited to, spot checks, periodic inspections, random sampling of routine functions, based on the risk identified in the Contract Administration Plan and the analyses of contractors monthly submittals. Update: Documented procedures for monitoring contract performance will be addressed as part of development of policies and procedures for Contracted Services Department however, Operations has implemented an internal practice for field reps. to use a checklist to guide them in monitoring contractor performance.	6/30/2016	2/28/2017
32	Operations	13-OPS-P06 - Contracted Bus Service	12	We recommend the Executive Director of Transportation, require that Contracted Services follow-up variances and anomalies in KPI data and results with contractor to determine their cause and ensure that any necessary corrective actions have been implemented. Update: Documented procedures will be addressed as part of development of policies and procedures for Contracted Services Department however, Operations has implemented an internal invoice checklist as a reminder to ensure that variances and anomalies are escalated to the Contract Services Manager for further review and assessment.	3/31/2016	2/28/2017
33	Operations	13-OPS-P06 - Contracted Bus Service	13	We recommend the Executive Director of Transportation, require that Contracted Services identify KPIs as measurements for contractors' performance within future contracts. Update: KPI measurements will be addressed in future contracts to be executed in late FY17.	6/30/2016	2/28/2017

Management Audit Services Audit Charter

I. INTRODUCTION

Los Angeles County Metropolitan Transportation Authority (MTA) maintains an active audit function under the direction of Deputy Chief Executive Officer (DCEO); with responsibility to report its activities to the Chief Executive Officer (CEO) and the Board. This charter defines the mission, scope, commitment to quality, authority and accountability, independence, and responsibility of MTA's audit department, Management Audit Services

II. MISSION

Management Audit Services provides highly reliable, independent, objective assurance and consulting services designed to add value and improve MTA's operations. Management Audit Services accomplishes this by bringing a systematic, disciplined approach to evaluating and recommending improvements to the effectiveness of risk management, controls and governance processes.

III. SCOPE

The scope of work performed by Management Audit Services is to determine whether MTA's network of risk management, control, and governance processes, as designed and represented by management, is adequate and functioning to ensure:

- Risks are appropriately identified and managed;
- Significant financial, managerial, and operating information is accurate, reliable and timely;
- Resources are acquired economically, used efficiently, and adequately protected;
- Programs, plans, projects and objectives are achieved;
- Quality and continuous improvement are fostered;
- Significant legislative or regulatory issues impacting MTA are recognized, addressed appropriately and interaction with governance groups occurs;
- Employees' actions are in compliance with policies, standards, procedures and applicable laws and regulations; and
- Opportunities for improving management control, streamlining processes, and improving public perception may be identified during audits. These will be communicated to the appropriate level of management.

IV. COMMITMENT TO QUALITY

Management Audit Services commits to providing world-class service through timely, unbiased, value-added assurance and consulting services. We will work as

Management Audit Services Audit Charter

Management Audit Services, in the discharge of duties, is accountable to the DCEO, CEO and the Board of Directors to:

- Report significant issues related to the processes for controlling the activities, including potential improvements to those processes, and provide information concerning such issues through resolution; and
- Provide periodic information on the status and results of the annual audit plan and the adequacy of progress as it relates to management action plans.

VI. INDEPENDENCE

Management Audit Services is independent of the activities it reviews. Specifically, Management Audit Services staff may not review areas where they were responsible for the design or operation of the area. Auditors are responsible for maintaining their independence and integrity in all services they provide.

All Management Audit Services activities shall remain free from interference relative to matters of audit selection, scope, procedures, frequency, timing, or report content to maintain independence and objectivity. The Chief Auditor shall report any impairment to independence, or unjustified restriction or limitation to audit selection, scope, procedures, frequency, timing or report content promptly to the DCEO, CEO and the Board.

As a means of ensuring independence, Management Audit Services will report to the DCEO, CEO and the Board of Directors. This structure permits the rendering of impartial and unbiased judgment essential to the proper conduct of audits. The Board of Directors' will review and concur in the appointment, replacement or dismissal of the Chief Auditor of Management Audit Services.
