**FINANCE, BUDGET AND AUDIT COMMITTEE
NOVEMBER 15, 2017****SUBJECT: CURRENCY PROCESSING SERVICES****ACTION: AWARD CONTRACT****RECOMMENDATION**

AUTHORIZE the Chief Executive Officer to award firm fixed unit price Contract No. OP39497-2000, to Los Angeles Federal Armored Services, for currency processing services for an amount not-to-exceed \$457,600 for the one-year base period, and \$514,800, \$572,000, \$629,000, and \$686,400 for each of the four, one-year option terms, respectively, for a combined total of \$2,859,800, effective January 1, 2018 to December 31, 2022, subject to resolution of protest(s), if any.

ISSUE

The current bill processing contract is set to expire on December 31, 2017. Metro collects over \$104 million in bus farebox revenues, currency and coins, including about 45 million \$1 bills annually. Due to the large amount of \$1 bills, it is necessary to procure the services of a vendor that will accept weighed bills and deposit them daily.

DISCUSSION

The current contract with Los Angeles Federal Armored Services will expire on December 31, 2017. Award of this contract shall ensure that revenue from bus fareboxes is collected daily and processed for deposit. The bills are manually sorted by staff to separate the singles from large denomination bills. The \$1 bills are bagged and counted by weight. The vendor keeps or absorbs the minor over/under variances.

Metro's Revenue Department ensures accuracy by calibrating its one dollar bill scale daily and by randomly selecting bags of bills to be stacked and counted. Through this process, staff has maintained an accuracy of 99.62%.

The process for counting bills in TAP (TVM) vending machines differs from farebox bills because the bills come out from the TVMs pre-stacked. The bills are then counted by machine and staff bands the bills by denomination and quantity for deposit.

DETERMINATION OF SAFETY IMPACT

No safety impact.

FINANCIAL IMPACT

The funding for this service is included in the FY18 budget in cost center 5440, Revenue Collections, under line item 50906, Misc. Disc. Sales of Currency, and allocated to bus operations.

Since this is a multi-year contract, the cost center manager and Chief Financial Officer will be accountable for budgeting the cost in future years, including any option exercised.

Impact to Budget

The FY18 budget includes these fees and is funded with bus operating revenues including fares and sales tax.

ALTERNATIVES CONSIDERED

No other alternatives offer the efficiency and effectiveness of using an armored service to accept \$1 bills that have been bagged and weighed, ready for deposit.

NEXT STEPS

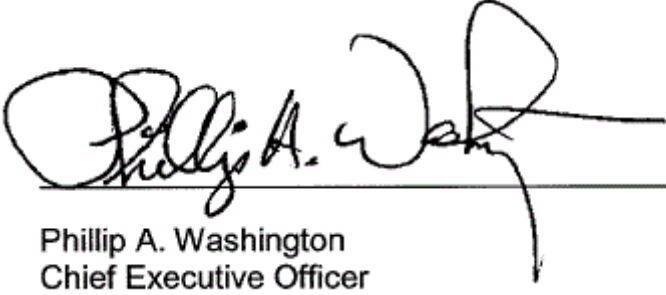

Upon approval by the Board, staff will execute Contract No. OP39497-2000 to Los Angeles Federal Armored Services for currency processing services, effective January 1, 2018.

A. Procurement Background

This Board Action is to approve Contract No. OP39497-2000 issued in support of currency processing services. Board approval of contract awards are subject to resolution of any properly submitted protest.

The Request for Proposal (RFP) was issued in accordance with Metro's Acquisition Policy and the contract type is a firm fixed unit price.

One amendment was issued during the solicitation phase of this RFP:

- Amendment No. 1, issued on August 1, 2017, provided documents from the pre-proposal conference.

One proposal was received on the due date of August 21, 2017 from Los Angeles Federal Armored Services (LAFAS). In addition to LAFAS, several out of state firms were also listed as plan holders of this RFP, including IT firms, a construction company, online solicitation firms, and US Bank. When contacted for a market survey, staff did not receive any responses as to why they did not propose.

B. Evaluation of Proposals

As stated in the RFP, proposers were required to pass the minimum qualifications before being considered for further review. The proposal received from LAFAS passed minimum qualifications.

A Proposal Evaluation Team (PET) consisting of staff from Revenue Collection, Treasury and Accounting was convened and conducted a comprehensive technical evaluation of the proposal received.

The proposal was evaluated based on the following evaluation criteria and weights:

- Degree of Skills and Experience of the Prime and/or Firms on the Contractor's Team 30 percent
- Understanding of Work and Appropriateness of Approach for Implementation 30 percent
- Cost Proposal 40 percent

The evaluation criteria are appropriate and consistent with criteria developed for similar procurements. Several factors were considered when developing these weights, giving the greatest importance to the cost proposal.

The PET conducted a technical review of LAFAS' proposal and references were contacted, reviewed, and confirmed.
