**SUBJECT: MANAGEMENT AUDIT SERVICES FY2018
FIRST QUARTER REPORT**

ACTION: RECEIVE AND FILE

RECOMMENDATION

RECEIVE AND FILE the first quarter report of Management Audit Services (Management Audit) for the period ending September 30, 2017.

ISSUE

At its January 2005 meeting, the Board designated the Executive Management and Audit Committee (EMAC) as their audit committee. The EMAC requested a quarterly report from Management Audit on its audit activities. In July 2011, the audit responsibilities were transferred to the Finance, Budget and Audit Committee. This report fulfills the requirement for the first quarter of FY 2018.

DISCUSSION

Management Audit provides audit support to the Chief Executive Officer (CEO) and his executive management team. The audits we perform are categorized as either internal or external. Internal audits evaluate the processes and controls within the agency. External audits analyze contractors, cities or non-profit organizations that we conduct business with or receive Metro funds.

There are four groups in Management Audit: Performance Audit, Contract Pre-Award Audit, Incurred Cost Audit and Audit Support and Research Services. Performance Audit is primarily responsible for all audits for Operations, Finance and Administration, Planning and Development, Program Management, Information Technology, Communications, Risk, Safety and Asset Management and Executive Office. Contract Pre-Award and Incurred Cost Audit are responsible for external audits in Planning and Development, Program Management and Vendor/Contract Management. All of these units provide assurance to the public that internal processes are efficiently, economically, effectively, ethically, and equitably performed by conducting audits of program effectiveness and results, economy and efficiency, internal controls, and compliance. Audit Support and Research Services is responsible for administration, financial management, budget coordination, and audit follow-up and

resolution tracking.

The summary of Management Audit activity for the quarter ending September 30, 2017 is as follows:

Internal Audits: two internal audits were issued and fourteen were in process.

External Audits: four contract pre-award audits with a total value of \$10.4 million were completed and 14 incurred cost audits with a total value of \$300 million were completed. Two contract pre-award audits and 48 incurred cost audits were in process.

Audit Follow-up and Resolution: 21 recommendations were closed during the first quarter. At the end of the quarter, there were 37 open audit recommendations. In addition, 89 recommendations for the OIG were closed. Details of all open, extended, and closed recommendations can be found in the First Quarter Board Box titled "Status of Audit Recommendations".

Management Audit's FY 2018 first quarter report is included as Attachment A.

NEXT STEPS

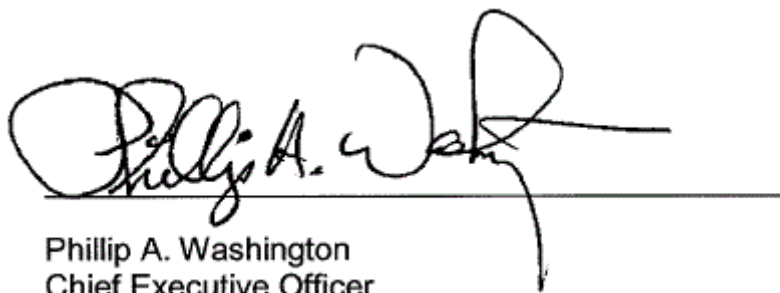

Management Audit will provide the FY 2018 Second Quarter report of audit activity to the Board at the February 2018 Finance, Budget and Audit Committee meeting.

EXTERNAL AUDITS

Contract Pre-Award Audit

Contract Pre-Award Audit provides support to the Vendor/Contract Management Department for a wide range of large-dollar procurements and projects. This support is provided throughout the procurement cycle in the form of pre-award, interim, change order, and closeout audits, as well as assistance with contract negotiations.

During first quarter FY 2018, four audits were completed, reviewing a net value of \$10.4 million. Auditors questioned \$900 thousand or 9% of the proposed costs. The four audits supported procurements in the following areas:

- 2 Crenshaw Transit Project procurements;
- Los Angeles Union Station Improvement Project procurement; and
- Metro Structures Inspection Project procurement;

Two contract pre-award audits were in process as of September 30, 2017.

Details on Contract Pre-Award Audits completed during first quarter FY 2018 are in Appendix A.

Incurred Cost Audit

Incurred Cost Audit conducts audits for Planning and Development's Call-for-Projects program, Program Management's highway projects, federally funded transportation programs, and various other transportation related projects, including CalTrans projects. The purpose of the audits is to ensure that funds are spent in accordance with the terms of the grants/contracts and federal cost principles.

Incurred Cost Audit completed 14 audits during first quarter FY 2018. We reviewed \$300 million of funds and identified \$3.7 million or 1% of unused funds that may be reprogrammed. Forty-eight incurred cost audits were in process as of September 30, 2017.

Details on Incurred Cost Audits completed during first quarter FY 2018 are in Appendix B.

INTERNAL AUDITS

The following internal audits were issued in the first quarter FY 2018. The completed reports are listed in order of the magnitude of risks that their findings represent to the agency.

Performance Audit of Accounts Receivable

We found that the internal controls are adequate to confirm whether outstanding accounts receivable balances were collected in a timely manner; accounts receivable amounts were recorded accurately; and adequate segregation of duties were in place to prevent staff from performing conflicting duties. There are no recommendations associated with this audit.
