ISSUE

California Public Utilities Code Section 130105 requires Metro to adopt an annual budget to manage the revenues and expenses of the agency's projects and programs. The budget is the legal authorization to obligate and spend funds and to implement Board policy. It includes all operating, capital, planning and programming, subsidy funds, debt service requirements, and general fund activities for the fiscal year. Budget detail is a management plan for financial activity and is prepared at the fund, project, department, and expenditure level. The legal level of control is at the fund level. Total annual expenditures cannot exceed the final appropriation by the Board except for capital expenditures, which is authorized on a life-of-project basis.

Copies of the proposed budget were made available to the public on May 1, 2018, both electronically at www.metro.net and through the Records Management Center (RMC) at RMC@metro.net. Printed copies of the budget document were also made available at the RMC on the plaza level of the Gateway building on May 1, 2018. The public hearing is scheduled for May 16, 2018. Advance public notification of this hearing was issued through advertisements posted in over two dozen news publications on April 11th and May 1st, 2018.

BUDGET MESSAGE

The transportation landscape of Los Angeles (LA) County is changing. Metro is leading the change with groundbreaking, expansive projects designed to invigorate our current infrastructure. As our population grows, mounting congestion stands in our way. Therefore, Congestion Reduction, along with overall Customer Experience, is Metro's top priority to improve the quality of life for LA County residents.

Through enhanced transit services and an ever-growing list of innovative new transportation initiatives, we aim to relieve congestion by focusing on the larger mobility picture. This will require addressing the issue of connectivity across all modes and all trip purposes. As we work to integrate trips made by private vehicles and transit with better first/last mile connections, we are moving closer to a transportation network that accommodates the mobility needs of all residents and visitors in LA County.

Metro's goal in the coming year is to move more people onto transit by making meaningful improvements to the services we provide. In order to appeal to a wider audience and encourage transit use among those who have never used our system, we must create a new customer experience. As a direct approach, we are committed to enhance our transit services by taking advantage of new technologies, such as MicroTransit, more advanced mobile apps, and better real-time information. While we improve overall service and tackle congestion with a comprehensive transportation strategy, it follows that increased ridership will be a natural outcome. Once we prove that Metro is safe, clean, easy to use, and efficient, we can make sure LA keeps on moving.

DISCUSSION

The proposed \$6.6 billion budget for FY19 is balanced and aligns resources in a fiscally responsible manner to achieve the following goals:

1. Advance safety and security for our customers, the public, and Metro employees
2. Exercise fiscal discipline to ensure financial stability
3. Plan and deliver capital projects on time and on budget while increasing opportunities for small business development and innovation
4. Improve the customer experience and expand access to transportation options
5. Increase transit use and ridership
6. Implement an industry-leading state of good repair program
7. Invest in workforce development
8. Promote extraordinary innovation
9. Contribute to the implementation of agencywide and departmental Affirmative Action and Equal Employment Opportunity goals

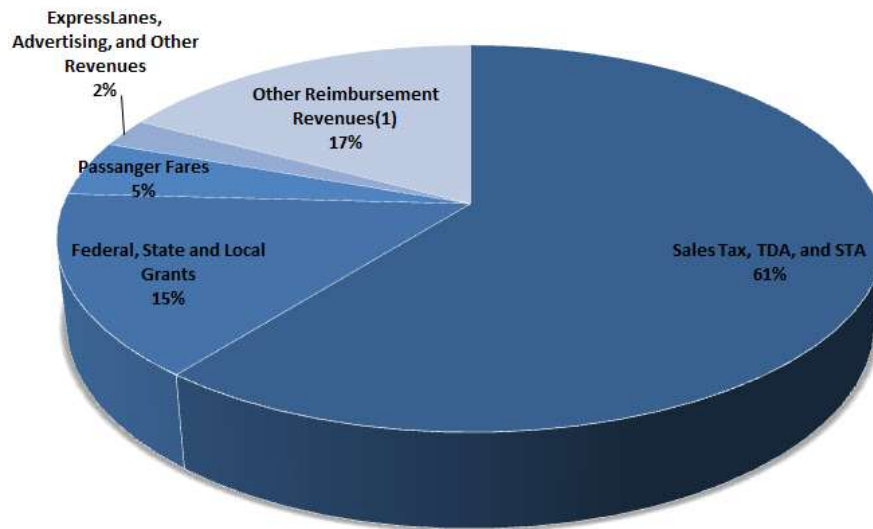

As part of the performance management process, Metro will monitor progress throughout the year relative to the Agency goals using measurements such as budget variance, Key Performance Indicators (KPIs) target achievement, Project Milestone achievement and cost savings and new revenue generation through the risk allocation matrix (RAM). This reinforces Metro's commitment to strategic monitoring of performance and the improvement of accountability.

**Resources %
of FY19 Budget**

The FY19 Proposed Budget ensures resources available to meet the planned Metro program and project delivery for the coming fiscal year. Revenue projections are built on historical sales tax growth cycles, accepted forecasting sources and Metro’s 30 year actual sales tax receipts. The total FY19 budget planned resources is \$280.9 million or 4.5% greater than FY18.

- Sales Tax, TDA, and STA increases \$289 million or 7.8% in total, due to the following 2 reasons:
 - There is a \$98 million or 3.4% projected increase for Prop A, C and Measure R sales tax as well as TDA revenues. Measure M increase is 5.5% more at 8.9%, or \$68.8 million, reflecting allowances for FY18 Measure M inaugural year of lower than

anticipated sales tax receipts.

- STA and State Senate Bill 1 (SB1) increase by \$122 million or 204% based on State Controllers' Office (SCO) estimates and new SB1 supplemental funding for transit and state of good repair.
- Federal, State and Local Grants are at a modest \$11 million increase or 1.2%, reflecting related capital expense activity.
- Passenger Fare revenues to remain flat due to level ridership & fare per boarding estimates.
- ExpressLanes, Advertising, and Other Revenues are increasing \$20.4 million or 14.8% in total, primarily due to the addition of Green Funds and increasing CNG credits for FY19.
- Other Reimbursement Revenues is \$39.9 million or 3.4% lower in total based on timing of project schedules. This includes bond proceeds, sales tax carryover, and Transportation Infrastructure Finance and Innovation Act (TIFIA) loan drawdowns which are backed by future expected sales tax.

Expenditure Summary

In FY19, Metro is poised to lead the ongoing transformation of Los Angeles County, with a bold plan to push the region to new heights. This year, we will continue our rapid progress toward achieving the vision of Measure M, with over a dozen transit expansion projects in various stages of planning, groundbreaking, and construction. We are also focused on the rejuvenation of our existing lines and facilities, as we move to pilot an electric bus fleet and continue major rehabilitation efforts on the Blue Line, our oldest rail line.

Total Budget		\$ 6,281.7	\$ 6,562.6	\$ 280.9	4.5%

The total budget increase from FY18 to FY19 is \$281 million or 4.5%. The major differences are addressed in program categories below which include the assumption for CPI increase of 2.25%.

- Transportation Infrastructure Development remains steady and supports Measure R and M projects such as Westside Purple Line Extension, including the Division 20 expansion, Regional Connector and Crenshaw LAX projects.
- Metro Transit - Bus and Rail Operations & Maintenance has a 5.1% increase from FY18 due to the new labor contracts and additional Revenue Service Hours (RSH) needed to support bus bridges for the “New Blue” rehabilitation project and special events.
 - Bus Revenue Service Hours (RSH) increases by 104,000 hours or 1.5%, due to Bus bridges for Blue Line closures related to the “New Blue” rehabilitation project and minor service adjustments to relieve overcrowding.
 - Rail RSH increases by 2,000 hours or 0.2%, due to minor service adjustments for 3-car consists on the Gold Line and headway increases on the Green line during the AM peak; increases mostly offset by reductions due to Blue Line closures for the New Blue project.
- Metro Transit - State of Good Repair (SGR) & Other Asset Improvements is at a 4% increase from FY18 due to piloting the conversion of the bus fleet to Electric/Zero Emission Buses (ZEB), rehabilitation of the Blue Line, system upgrades, and improving customer experience.
- Subsidy Funding Programs increases by \$89.6 million, or 7.2%, primarily due to increased funding from growth in sales tax revenues and new SB1 funding.
- Regional Rail remains constant with continuing operating and capital support of the Metrolink commuter rail system and the Metro managed Regional Rail.
- Congestion Management is increasing by \$14 million, or 13%, primarily due to a service provider and contract renewal rate change.
- General Planning & Programs increases by \$31 million, or 25%, due to the expansion of bikeshare, LA River Bikepath, Rail to Rail/River, Union Station improvements and Public Private Partnerships (P3).
- Debt Service increases by \$33 million, or 9% due to repayment of FY18 proceeds issued as previously approved by the Board.
- Oversight & Admin is a \$6 million increase, or 15%, due to continued ramp up of support for carrying out Measure M initiatives as well as cost inflation factors.
- The labor cost increase reflects rising cost inflation, living wage standard increases and labor market contraction. Wage increases and health/welfare benefits for represented employees are based on Collective Bargaining Agreements; salary increases for non-represented employees are expected to be in line with represented employees at a 4% increase over FY18 and is merit based. Non-represented medical/dental benefits reflect costs previously approved by the Board.

FTE Summary

The FY19 proposed budget includes requests for 79 non-represented FTE additions and up to 170 represented FTE additions.

- Total Non-Represented FTE increase of 79 primarily due to Crenshaw project and other capital projects support, Metro operations, and continuing Measure M initiatives and oversight.
- Total Represented FTE increase of up to 170 primarily due to Crenshaw Pre-Revenue Service and increase in bus service for “New Blue” rehabilitation bus bridges.

A summary of the requested FTEs is shown in the table below.

Life of Project (LOP) Budgets

Projects greater than \$1 million with LOP budget increases and new projects in excess of \$5 million must be approved by the Board in separate Board actions.

Attachment A includes a detailed listing of new capital projects for FY19 with LOP in excess of \$5 million. These projects are included in the proposed FY19 budget but do require LOP approval by the Board, as requested by Recommendation B of this report.

Reimbursement Resolution

Per Federal tax law, bond proceeds can only be used for expenses incurred after the issuance of bonds. Metro must pass a resolution indicating the intent to issue bonds at a later date for the expenditures described in the reimbursement resolution to be reimbursed for expenses incurred before the bond issue. See Attachment B for anticipated expenditures in the budget related to proceeds from future bond issuance.

Public Outreach

Soliciting meaningful input from the public and stakeholders is critical to budget development. The comprehensive outreach program for FY19 included many opportunities to provide feedback online or by telephone in addition to in-person meetings. These meetings included Metro Service Councils, Citizens Advisory Council (CAC), Technical Advisory Committee, Bus Operations Subcommittee, Local Transit Systems Subcommittee, Streets & Freeways Subcommittee, Policy Advisory Committee (PAC), Valley Industry & Commerce Association (VICA) Transportation Committee, and BizFed. This allowed for the greatest level of engagement and direct dialogue with stakeholders.

To encourage participation, the times and locations of public workshops were advertised through multiple channels, including the Metro website, “take ones” on board vehicles, newspaper advertising, messages on hold, e-blasts, and social media ads. Outreach efforts for FY19 also included two Telephone Town Hall sessions and an interactive Online Budget Tool, making it convenient for LA County residents to participate in the budget process without physical presence at a meeting. A summary of public outreach efforts and comments received is shown in Attachment C.

FINANCIAL IMPACT

The proposed FY19 budget (provided in a separate transmittal) at \$6.6 billion, plus the following amendments: \$2 million for Expo Phase 1, \$20.6 million for Expo Phase 2, \$25 million for farebox upgrades, and \$500,000 for Crenshaw Northern Extension, is balanced, and includes expenditures and appropriates the resources necessary to fund them. The proposed budget demonstrates Metro’s ongoing commitment to meeting its capital and operating obligations, which is a requirement

necessary in order to continue to receive subsidies from the state and federal governments and to administer regional transportation funding to local cities and municipal operators.

NEXT STEPS

Upon Board authorization and adoption of the FY19 budget, staff will start make funds available for the planned transit and transportation programs outlined in this document and be programmed to fund regional transit/transportation partnering agencies, cities and recipients.

Monitoring the FY19 budget performance will be a year-round ongoing effort. Staff will conduct quarterly performance management reviews and track metrics to reinforce accountability and budgetary control. There will be a mid-year budget assessment to evaluate the budget's alignment to agency priorities and actual performance. In addition, continuous improvements will be implemented to the process and regular updates will be reported to the Board.

FY19 New Capital Projects

Transportation Infrastructure Development

1	PROJECT: Orange Line BRT Improvements	
	PROJECT OWNER: Program Management	
	LOP: to be adopted at a future date	FY19: \$11,429,000
	<p>SCOPE: Improvements consist of grade separations and gate systems along the Orange Line. Recommended scope includes aerial grade separation between Sepulveda and Van Nuys, four quadrant gates at busway intersections between North Hollywood and Chatsworth, and closing minor street crossing.</p>	
	<p>JUSTIFICATION: Measure M project, required to ground break in FY19. The project is planned to address excessive travel times and safety concerns for existing at-grade intersections. Grade separations, four quadrant gate system and closure of minor busway crossing will improve the bus operating speeds, reduce end-to-end bus travel times and reduce potential conflicts between MOL buses and cross-street vehicles, cyclists and pedestrians.</p>	
	ELIGIBLE FUNDING SOURCE: Measure M 35%	

State of Good Repair Projects

2	PROJECT: Bus Midlife Project (203024)
PROJECT OWNER: Operations - Central Maintenance	
LOP: \$158,138,000	FY19: \$42,069,600
SCOPE: The Bus Midlife Program provides preventive, midlife maintenance service to Metro buses. The buses currently in the Midlife program have been in service at least 7 to 8 years. The maintenance services provided include engine package change-outs, fuel cylinder replacements, suspension work, wheelchair securement system retrofit, body repair, painting, and interior refurbishment including graffiti abatement and wheelchair lift maintenance.	
JUSTIFICATION: The Bus Midlife Program improves the safety, performance, and reliability of Metro buses. The improved overall condition of the program's vehicles also helps to reduce ongoing maintenance costs and the amount of maintenance work performed at the Metro Bus Operating divisions. The program promotes the efficient use of Metro and Central Maintenance resources by having each bus series go through a planned production process in which labor, material and facilities are scheduled to proactively address problems rather than just reacting to them.	
ELIGIBLE FUNDING SOURCE: Enterprise Funding sources such as local and state sales tax	

3	PROJECT: Bus Engine Replacement
PROJECT OWNER: Operations - Central Maintenance	
LOP: \$13,518,000	FY19: \$1,528,322
SCOPE: Purchase near zero emission engines and replace high mileage engines that reached the end of their useful life enabling Metro to continue utilizing the buses. The plan involves ninety-eight (98) engines and peripheral equipment (hoses, clamps, gaskets and wiring) required for optimal operation.	
JUSTIFICATION: This program allows Metro to replace engines in a timely manner and keeps high mileage buses in service. Without this program, Metro would struggle to manage a number of buses failing while in service. This program directly impact Metro's ability to meet service requirements by coordinating procurement, logistics, fleet management and maintenance.	
ELIGIBLE FUNDING SOURCE: Enterprise Funding sources such as local and state sales tax	

4	PROJECT: FY19 NRV REPLACEMENT (RAIL)
PROJECT OWNER: Operations - Maintenance Administration	
LOP: \$8,994,000	FY19: \$2,705,696
<p>SCOPE: This project is for the replacement of Non-Revenue Vehicles and Equipment scheduled for FY19. This includes: trucks, vans, sedans, carts, forklifts, generators, hi-rail support vehicles, rail bound support vehicles, floor scrubbers, compressors, tractors, trailers, tow motors and other vehicles and equipment. (Agency-wide, includes all department vehicles and equipment)</p>	
<p>JUSTIFICATION: Metro owns and operates a fleet of over 2,100 vehicles and pieces of equipment that are used to support the Metro mission of Planning, Designing, Constructing, Administering, and Operating the Los Angeles County's largest transportation system. The funding requested for this project is required to purchase replacement vehicles to support this mission. The vehicles identified for replacement have exceeded their useful life in age, mileage or are in poor operating condition, and are now scheduled for retirement. Further, the cost of repair, downtime, on street safety, and the impact to support departments ability to respond to repair/service activities reduces operational effectiveness.</p>	
ELIGIBLE FUNDING SOURCE: Enterprise Funding sources such as local and state sales tax	

5	PROJECT: MRL A650 Component Overhauls
PROJECT OWNER: Operations - Rail Fleet Maintenance	
LOP: \$8,120,000	FY19: \$32,000
<p>SCOPE: The heavy rail fleet overhaul will include repair and replacement of components that are not part of the mid-life. Improvements include renovating the car interiors by repainting all seat frames, converting seat mountings and redesigning the front and rear end doors. Mechanical improvement will include an overhaul of the friction brakes, traction motors and the drawbar.</p>	
<p>JUSTIFICATION: The existing A650 fleet is being gone through a component overhaul program and a partial major system replacement program. However, there are certain systems still requiring overhaul in order to maintain the "State of Good Repairs" which are not included in the previous scope. The aim is to continue to service the public for another 15 years.</p>	
ELIGIBLE FUNDING SOURCE: Enterprise Funding sources such as local and state sales tax	

6	PROJECT: Enterprise Asset Management System
PROJECT OWNER: ITS - Business Applications	
LOP: to be adopted at a future date	FY19: \$2,728,691
SCOPE: Replace the existing legacy based Enterprise Asset Management (EAM) M3 System and meet developing federal requirements for the "Moving Ahead for Progress in the 21st Century Act" (MAP 21 State of Good Repair). This provides a scalable technology solution to support LA Metro's expanding bus and rail services, such as the Regional Rail Connector initiative.	
JUSTIFICATION: The legacy based EAM M3 system will no longer be supported / maintained by the vendor, Infor. The vendor has transitioned to new EAM solution strategy and has stopped all development support.	
ELIGIBLE FUNDING SOURCE: Enterprise Funding sources such as local and state sales tax	

7	PROJECT: Connected Facilities Project
PROJECT OWNER: ITS - Systems Architecture	
LOP: \$7,454,200	FY19: \$175,000
SCOPE: The Connected Facilities Project will replace twelve year old Communication Backbone Infrastructure, provide Wi-Fi Coverage in Yards providing surveillance video, safety analytics video, transit operations data and vehicle diagnostics.	
JUSTIFICATION: The project supports Metro's Goals of safety and security, fiscal efficiency, and productivity by enabling technicians the ability to access vehicles' systems remotely.	
ELIGIBLE FUNDING SOURCE: Enterprise Funding sources such as local and state sales tax	

8	PROJECT: Crenshaw Pre-Revenue Service
PROJECT OWNER: Operations - Rail Integration	
LOP: \$40,956,000	FY19: \$25,939,290
SCOPE: The Crenshaw Pre-revenue Project will prepare Metro for the operation of the new rail line. Metro staff will inspect third-party construction and test systems prior to revenue operations in FY20. Testing includes operational scenarios examining integrity and system reliability of infrastructure and new rail cars.	
JUSTIFICATION: Significant testing is crucial for seamless system integration of multiple types of rail cars with new systems. The training and systems testing will ensure staff and infrastructure are able to handle a multitude of revenue operating situations prior to opening day.	
ELIGIBLE FUNDING SOURCE: Measure R 35%	

9	PROJECT: Willowbrook / Rosa Parks Station Improvements
	PROJECT OWNER: Program Management
	LOP: \$109,305,000 FY19: \$12,137,000
	SCOPE: Modernize Willowbrook/Rosa Parks station and surrounding area to provide multi-modal transportation/community hub incorporating bike hub, customer service and security center and community plaza. Included in the scope are: extension of the Blue Line platform, upgraded pedestrian pathways, improved wayfinding signage, upgraded vertical transportation, consolidated regional and local bus bays, pick-up and drop-off zones, lighting enhancements, and other improvements to increase ridership and enhance the customer experience.
	JUSTIFICATION: Willowbrook/Rosa Parks Station is one of the more heavily used stations in Metro system. It is in need of improvements to the passenger flow and regional connectivity between various transit systems. Metro is working in tandem with several community revitalization efforts in the area to provide a regional facility to improve connections to the surrounding community, expand station capacity and multi-modal capacity, streamline rail and bus transfers, ensuring enhanced safety and security throughout the improvements.
	ELIGIBLE FUNDING SOURCE: Federal TIGER grant, Active Transportation & SB1 state fund, Toll Revenue, Fed 5307, local bonds, TDA Article 4 and other eligible local funds

Due to the large volume of comments received, not all can be included in this summary. However, the summary presented is a fair representation of the types of comments received across all outreach efforts. Comments received during the workshops and meetings have been addressed; while the written, email, and budget survey comments will be forwarded to relevant departments for consideration in the development of their programs.

A recap of the comments received during the budget outreach process is shown in the table below. As evidenced by the range of subjects in the summary, the public provided input and suggestions on virtually every Metro function. In addition, the perspectives on each issue varied greatly by respondents.

Key Topics	Synopsis of Comments
Active Transportation	<ul style="list-style-type: none"> • Create more safety programs for pedestrians, designated sidewalks, diagonal crosswalks and separate walkways • Fix the streets and sidewalks. Interactive Budget Tool

The interactive Online Budgeting Tool engaged the public by asking a series of questions on transportation priorities to develop a customized Metro budget. Respondents were able to see the budgetary impact for their choices interactively and include narrative comments to further express their feedback and concerns. The budget tool allowed Metro to receive comments from a larger portion of the general public, including those who are not Metro riders.

The Online Budget Tool focused on five key areas: Transportation Priorities, Bus & Rail Improvement, Active Transportation, Streets & Highways, and Budget Balance.

Below are general results of the survey:

- 77% of the respondents favored Metro improving rail services
- 41% of respondents favored better pedestrian crossings on busy intersections
- 40% of the respondents were willing to cut service to balance the budget by reducing service on less heavily used bus line

When asked about which freeway they would like to see ExpressLanes expanded to, 30% of respondents selected: do not expand ExpressLanes.

The results of this survey helps Metro get a snapshot on the public's ranking of their transportation priorities. Comments and feedback are being gathered and evaluated to help shape the budget and Metro's priorities.

ISSUE

California Public Utilities Code Section 130105 requires Metro to adopt an annual budget to manage the revenues and expenses of the agency's projects and programs. The budget is the legal authorization to obligate and spend funds and to implement Board policy. It includes all operating, capital, planning and programming, subsidy funds, debt service requirements, and general fund activities for the fiscal year. Budget detail is a management plan for financial activity and is prepared at the fund, project, department, and expenditure level. The legal level of control is at the fund level. Total annual expenditures cannot exceed the final appropriation by the Board except for capital expenditures, which is authorized on a life-of-project basis.

Copies of the proposed budget were made available to the public on May 1, 2018, both electronically at www.metro.net and through the Records Management Center (RMC) at RMC@metro.net. Printed copies of the budget document were also made available at the RMC on the plaza level of the Gateway building on May 1, 2018. The public hearing is scheduled for May 16, 2018. Advance public notification of this hearing was issued through advertisements posted in over two dozen news publications on April 11th and May 1st, 2018.

BUDGET MESSAGE

The transportation landscape of Los Angeles (LA) County is changing. Metro is leading the change with groundbreaking, expansive projects designed to invigorate our current infrastructure. As our population grows, mounting congestion stands in our way. Therefore, Congestion Reduction, along with overall Customer Experience, is Metro's top priority to improve the quality of life for LA County residents.

Through enhanced transit services and an ever-growing list of innovative new transportation initiatives, we aim to relieve congestion by focusing on the larger mobility picture. This will require addressing the issue of connectivity across all modes and all trip purposes. As we work to integrate trips made by private vehicles and transit with better first/last mile connections, we are moving closer to a transportation network that accommodates the mobility needs of all residents and visitors in LA County.

Metro's goal in the coming year is to move more people onto transit by making meaningful improvements to the services we provide. In order to appeal to a wider audience and encourage transit use among those who have never used our system, we must create a new customer experience. As a direct approach, we are committed to enhance our transit services by taking advantage of new technologies, such as MicroTransit, more advanced mobile apps, and better real-time information. While we improve overall service and tackle congestion with a comprehensive transportation strategy, it follows that increased ridership will be a natural outcome. Once we prove that Metro is safe, clean, easy to use, and efficient, we can make sure LA keeps on moving.

DISCUSSION

The proposed \$6.6 billion budget for FY19 is balanced and aligns resources in a fiscally responsible manner to achieve the following goals:

1. Advance safety and security for our customers, the public, and Metro employees
2. Exercise fiscal discipline to ensure financial stability
3. Plan and deliver capital projects on time and on budget while increasing opportunities for small business development and innovation
4. Improve the customer experience and expand access to transportation options
5. Increase transit use and ridership
6. Implement an industry-leading state of good repair program
7. Invest in workforce development
8. Promote extraordinary innovation
9. Contribute to the implementation of agencywide and departmental Affirmative Action and Equal Employment Opportunity goals

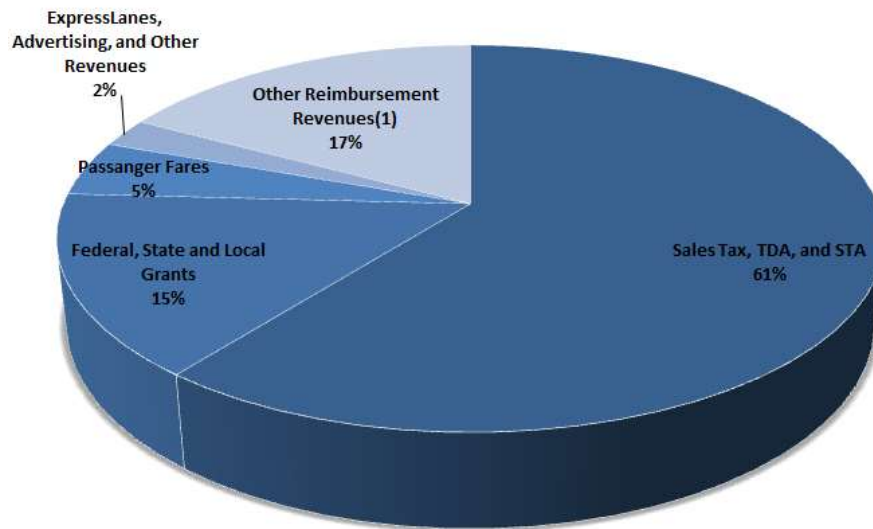

As part of the performance management process, Metro will monitor progress throughout the year relative to the Agency goals using measurements such as budget variance, Key Performance Indicators (KPIs) target achievement, Project Milestone achievement and cost savings and new revenue generation through the risk allocation matrix (RAM). This reinforces Metro's commitment to strategic monitoring of performance and the improvement of accountability.

**Resources %
of FY19 Budget**

The FY19 Proposed Budget ensures resources available to meet the planned Metro program and project delivery for the coming fiscal year. Revenue projections are built on historical sales tax growth cycles, accepted forecasting sources and Metro’s 30 year actual sales tax receipts. The total FY19 budget planned resources is \$280.9 million or 4.5% greater than FY18.

- Sales Tax, TDA, and STA increases \$289 million or 7.8% in total, due to the following 2 reasons:
 - There is a \$98 million or 3.4% projected increase for Prop A, C and Measure R sales tax as well as TDA revenues. Measure M increase is 5.5% more at 8.9%, or \$68.8 million, reflecting allowances for FY18 Measure M inaugural year of lower than

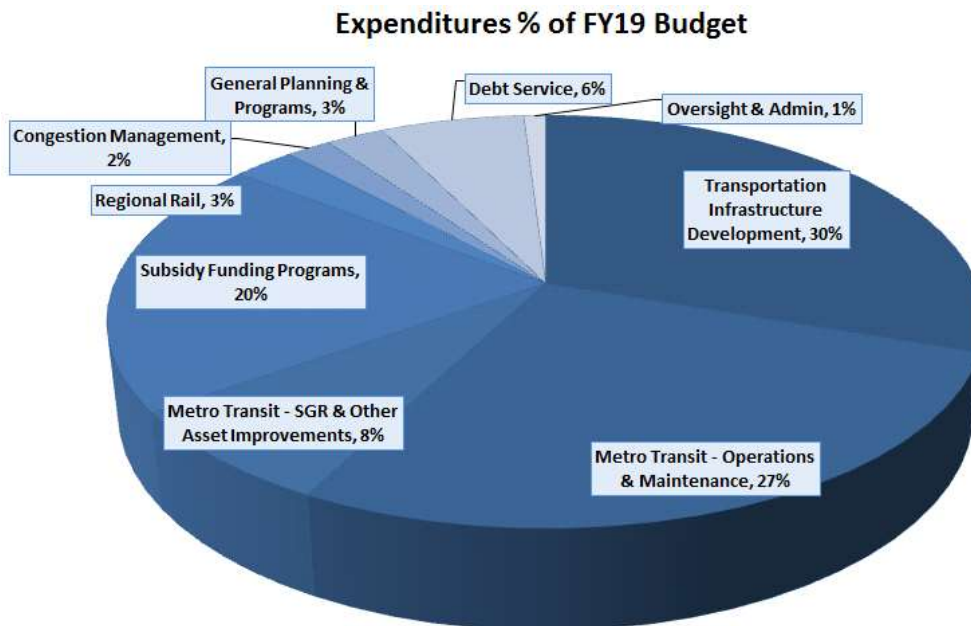

anticipated sales tax receipts.

- STA and State Senate Bill 1 (SB1) increase by \$122 million or 204% based on State Controllers' Office (SCO) estimates and new SB1 supplemental funding for transit and state of good repair.
- Federal, State and Local Grants are at a modest \$11 million increase or 1.2%, reflecting related capital expense activity.
- Passenger Fare revenues to remain flat due to level ridership & fare per boarding estimates.
- ExpressLanes, Advertising, and Other Revenues are increasing \$20.4 million or 14.8% in total, primarily due to the addition of Green Funds and increasing CNG credits for FY19.
- Other Reimbursement Revenues is \$39.9 million or 3.4% lower in total based on timing of project schedules. This includes bond proceeds, sales tax carryover, and Transportation Infrastructure Finance and Innovation Act (TIFIA) loan drawdowns which are backed by future expected sales tax.

Expenditure Summary

In FY19, Metro is poised to lead the ongoing transformation of Los Angeles County, with a bold plan to push the region to new heights. This year, we will continue our rapid progress toward achieving the vision of Measure M, with over a dozen transit expansion projects in various stages of planning, groundbreaking, and construction. We are also focused on the rejuvenation of our existing lines and facilities, as we move to pilot an electric bus fleet and continue major rehabilitation efforts on the Blue Line, our oldest rail line.

The total budget increase from FY18 to FY19 is \$281 million or 4.5%. The major differences are addressed in program categories below which include the assumption for CPI increase of 2.25%.

- Transportation Infrastructure Development remains steady and supports Measure R and M projects such as Westside Purple Line Extension, including the Division 20 expansion, Regional Connector and Crenshaw LAX projects.
- Metro Transit - Bus and Rail Operations & Maintenance has a 5.1% increase from FY18 due to the new labor contracts and additional Revenue Service Hours (RSH) needed to support bus bridges for the “New Blue” rehabilitation project and special events.
 - Bus Revenue Service Hours (RSH) increases by 104,000 hours or 1.5%, due to Bus bridges for Blue Line closures related to the “New Blue” rehabilitation project and minor service adjustments to relieve overcrowding.
 - Rail RSH increases by 2,000 hours or 0.2%, due to minor service adjustments for 3-car consists on the Gold Line and headway increases on the Green line during the AM peak; increases mostly offset by reductions due to Blue Line closures for the New Blue project.
- Metro Transit - State of Good Repair (SGR) & Other Asset Improvements is at a 4% increase from FY18 due to piloting the conversion of the bus fleet to Electric/Zero Emission Buses (ZEB), rehabilitation of the Blue Line, system upgrades, and improving customer experience.
- Subsidy Funding Programs increases by \$89.6 million, or 7.2%, primarily due to increased funding from growth in sales tax revenues and new SB1 funding.
- Regional Rail remains constant with continuing operating and capital support of the Metrolink commuter rail system and the Metro managed Regional Rail.
- Congestion Management is increasing by \$14 million, or 13%, primarily due to a service provider and contract renewal rate change.
- General Planning & Programs increases by \$31 million, or 25%, due to the expansion of bikeshare, LA River Bikepath, Rail to Rail/River, Union Station improvements and Public Private Partnerships (P3).
- Debt Service increases by \$33 million, or 9% due to repayment of FY18 proceeds issued as previously approved by the Board.
- Oversight & Admin is a \$6 million increase, or 15%, due to continued ramp up of support for carrying out Measure M initiatives as well as cost inflation factors.
- The labor cost increase reflects rising cost inflation, living wage standard increases and labor market contraction. Wage increases and health/welfare benefits for represented employees are based on Collective Bargaining Agreements; salary increases for non-represented employees are expected to be in line with represented employees at a 4% increase over FY18 and is merit based. Non-represented medical/dental benefits reflect costs previously approved by the Board.

FTE Summary

The FY19 proposed budget includes requests for 79 non-represented FTE additions and up to 170 represented FTE additions.

- Total Non-Represented FTE increase of 79 primarily due to Crenshaw project and other capital projects support, Metro operations, and continuing Measure M initiatives and oversight.
- Total Represented FTE increase of up to 170 primarily due to Crenshaw Pre-Revenue Service and increase in bus service for “New Blue” rehabilitation bus bridges.

A summary of the requested FTEs is shown in the table below.

Life of Project (LOP) Budgets

Projects greater than \$1 million with LOP budget increases and new projects in excess of \$5 million must be approved by the Board in separate Board actions.

Attachment A includes a detailed listing of new capital projects for FY19 with LOP in excess of \$5 million. These projects are included in the proposed FY19 budget but do require LOP approval by the Board, as requested by Recommendation B of this report.

Reimbursement Resolution

Per Federal tax law, bond proceeds can only be used for expenses incurred after the issuance of bonds. Metro must pass a resolution indicating the intent to issue bonds at a later date for the expenditures described in the reimbursement resolution to be reimbursed for expenses incurred before the bond issue. See Attachment B for anticipated expenditures in the budget related to proceeds from future bond issuance.

Public Outreach

Soliciting meaningful input from the public and stakeholders is critical to budget development. The comprehensive outreach program for FY19 included many opportunities to provide feedback online or by telephone in addition to in-person meetings. These meetings included Metro Service Councils, Citizens Advisory Council (CAC), Technical Advisory Committee, Bus Operations Subcommittee, Local Transit Systems Subcommittee, Streets & Freeways Subcommittee, Policy Advisory Committee (PAC), Valley Industry & Commerce Association (VICA) Transportation Committee, and BizFed. This allowed for the greatest level of engagement and direct dialogue with stakeholders.

To encourage participation, the times and locations of public workshops were advertised through multiple channels, including the Metro website, “take ones” on board vehicles, newspaper advertising, messages on hold, e-blasts, and social media ads. Outreach efforts for FY19 also included two Telephone Town Hall sessions and an interactive Online Budget Tool, making it convenient for LA County residents to participate in the budget process without physical presence at a meeting. A summary of public outreach efforts and comments received is shown in Attachment C.

FINANCIAL IMPACT

The proposed FY19 budget (provided in a separate transmittal) at \$6.6 billion, plus the following amendments: \$2 million for Expo Phase 1, \$20.6 million for Expo Phase 2, \$25 million for farebox upgrades, and \$500,000 for Crenshaw Northern Extension, is balanced, and includes expenditures and appropriates the resources necessary to fund them. The proposed budget demonstrates Metro’s ongoing commitment to meeting its capital and operating obligations, which is a requirement

necessary in order to continue to receive subsidies from the state and federal governments and to administer regional transportation funding to local cities and municipal operators.

NEXT STEPS

Upon Board authorization and adoption of the FY19 budget, staff will start make funds available for the planned transit and transportation programs outlined in this document and be programmed to fund regional transit/transportation partnering agencies, cities and recipients.

Monitoring the FY19 budget performance will be a year-round ongoing effort. Staff will conduct quarterly performance management reviews and track metrics to reinforce accountability and budgetary control. There will be a mid-year budget assessment to evaluate the budget's alignment to agency priorities and actual performance. In addition, continuous improvements will be implemented to the process and regular updates will be reported to the Board.
