DISCUSSION

MAS provides audit support to Metro's Chief Executive Officer (CEO) and the CEO's senior leadership team in support of the agency's ability to provide responsive, accountable and trustworthy governance. The department performs internal and external audits. Internal audits evaluate the processes and controls within the agency while external audits analyze contractors, cities and/or non-profit organizations that are recipients of Metro funds. The department delivers management audit services through functional groups which are Performance Audit, Contract, Financial and Compliance Audit, and Audit Support. Performance Audit is mainly responsible for internal audits related to Operations, Finance and Administration, Planning and Development, Program Management, Information Technology, Communications, Risk, Safety and Asset Management including the Chief Executive Office and other internal areas. Contract, Financial and Compliance Audit is primarily responsible for external audits in Planning, Program Management and Vendor/Contract Management. MAS's functional units provide assurance to the public that internal processes and programs are being managed efficiently, effectively, economically, ethically, and equitably and that

desired outcomes are being achieved. This assurance is provided by the MAS's functional units conducting audits of program effectiveness; economy and efficiency, internal controls, and compliance. Audit Support is responsible for administration, financial management, budget coordination, and audit follow-up and resolution tracking.

The summary of MAS activity for the quarter ending March 31, 2020 is as follows:

EXECUTIVE SUMMARY

The following chart identifies the functional areas which MAS staff focused efforts during Q3 FY 2020:

The internal audits are highlighted on page 4. The completed contract, financial and compliance audits are highlighted on page 5. The other audits issued by external CPA firms are highlighted on page 6. A summary of closed and open audit recommendations for MAS and OIG are included on page 9.

INTERNAL AUDITS

The following two internal audits were issued in Q3 FY 2020:

Performance Audit of Benefit Eligibility

The audit objective was to determine whether eligibility verification was performed by the Pension and Benefits department for all new hires, qualified events and open enrollments.

MAS found that in general, eligibility verification was properly performed for all new hires, qualified events and open enrollments with some exceptions. Specifically, we found that dependent's eligibility verification was properly performed for all new hires, qualified events and open enrollments in a timely manner by the Pension and Benefits department for 20 of the 26 total samples tested. However, there were six instances where manual processes and controls were inadequate to prevent errors and fully comply with the HR11 Policy and the Standards for the Internal Control in the Federal Government (Green Book). Management concurred with all recommendations and is implementing the corrective actions.

Performance Audit of Accident Prevention Practices

The audit objective was to assess progress made in six key areas since MAS issued Report No. 10-OPS-006 for Bus Accident Prevention in September 2012 and identify improvement opportunities that may reduce accidents.

MAS found that Metro has made progress since September 2012 in transportation accident prevention. For example, the Operations department established the Transportation Directive 12-004 Hard Time Suspensions, and in most instances was aligned with the Directive. Also, a systematic tracking pilot was launched to report and track unsafe conditions including all near misses and hazardous conditions; and three firms were retained for the development and implementation of a safety engagement and recognition program. However, we did note one repeat finding related to the Field Observation and Feedback Program from the previous audit. In addition, we identified improvement opportunities related to the key performance indicators and safety incentives in place. Management concurred with all recommendations and are implementing corrective actions.

CONTRACT, FINANCIAL AND COMPLIANCE AUDITS

MAS' Contract, Financial and Compliance Audit unit conducts audits of Planning and Development's Call-for-Projects program, Program Management's highway projects, federally funded transportation programs, including various other transportation related projects and Caltrans projects. The purpose of the Contract, Financial and Compliance Audit is to ensure that funds are expended in accordance with the terms of the grants and/or contracts including federal cost principles.

MAS staff completed seven contract, financial and compliance audits during Q3 FY 2020. MAS staff reviewed \$6.8 million of funds and identified \$340 thousand or 5% of funds that may be reprogrammed.

Details on Contract, Financial and Compliance Audits completed during Q3 FY 2020 are included in Appendix B.

FINANCIAL AND COMPLIANCE AUDITS OF METRO

Local Return

Proposition A and C

Vasquez and Simpson found that the County and Cities, with the exception of the City of South El Monte, complied, in all material respects, with the Guidelines and Requirements in the Ordinances that could have a direct and material effect on the Proposition A and Proposition C Local Return programs for the year ended June 30, 2019.

The auditors found 56 instances of non-compliance for Proposition A and C, consisting of 36 minor findings related to untimely form submittals. Twenty findings with questioned costs totaling \$2 million for Proposition A and \$2.4 million for Proposition C represent approximately 1% of each total fund reviewed. The Local Return Program Manager is working with the cities to resolve the findings. The respective auditors will validate the resolution of the findings identified in these audits in the following years' audits.

Measure R

Vasquez and Simpson found that the County and Cities, with the exception of the City of South El Monte, complied in all material respects, with the Guidelines and Requirements in the Ordinance that could have a direct and material effect on the Measure R Local Return program for the year ended June 30, 2019.

The auditors found 23 instances of non-compliance for Measure R, consisting of 13 minor findings related to untimely form submittals. Ten findings with questioned costs totaling \$2 million for Measure R represent approximately 2% of the total amount reviewed. The Local Return Program Manager is working with the cities to resolve the findings. The respective auditors will validate the resolution of the findings identified in these audits in the following years' audits.

Measure M

The Measure M Local Return audit results were presented to the Measure M Independent Taxpayer Oversight Committee (MMITOC) on March 4, 2020.

The auditors found 20 instances of non-compliance for Measure M, consisting of 14 minor findings related to untimely form submittals. Six findings with questioned costs totaling \$856 thousand for Measure M represent less than 1% of the total amount reviewed. The Local Return Program Manager is working with the cities to resolve the findings. The respective auditors will validate the resolution of the findings identified in these audits in the following years' audits.

FINANCIAL AND COMPLIANCE AUDITS OF METRO

Non-Local Return

The auditors found that schedules/financial statements for the various programs included in the Consolidated Audit present fairly, in all material respects. They also found that the entities complied, in all material respects, with the compliance requirements of their respective guidelines. However, the auditors noted several compliance findings; eight findings for Metrolink program and sixteen findings for the TDA Article 3 program. Fifteen compliance findings were also identified in Fare Subsidies Programs; ten in the Immediate Needs Transportation Program (INTP) and five in the Low-Income Fare is Easy Program. Metro Program Managers are working with the funds recipients to resolve the findings. The respective auditors will validate the resolution of the findings identified in these audits in the following years' audits.

A receive and file report with additional details on the Consolidated Audit will be brought to the committee in the coming months.

Metro ExpressLanes Fund Financial Statements – Issued February 2020

MAS contracted with BCA Watson Rice LLP (BCA) to conduct an audit of the financial statements of Metro ExpressLanes, an enterprise fund of Metro, for the period July 1, 2019 to January 31, 2020. BCA found that the financial statements present fairly, in all material respects, the financial position of the Metro ExpressLanes Fund as of January 31, 2020, and the changes in the fund's financial position and cash flows for the period then ended in accordance with accounting principles generally accepted in the United States of America.
