

Board Report

File #: 2021-0407, File Type: Program

Agenda Number: 7.

PLANNING AND PROGRAMMING COMMITTEE JULY 14, 2021

SUBJECT: COUNTYWIDE CALL FOR PROJECTS

ACTION: APPROVE RECOMMENDATIONS

RECOMMENDATION

CONSIDER:

- A. RECERTIFYING \$12.78 million in existing Fiscal Year (FY) 2021-22 commitments from previously approved Countywide Call for Projects (Call) and AUTHORIZING the expenditure of funds to meet these commitments as shown in Attachment A;
- B. DEOBLIGATING \$12.47 million of previously approved Call funding, as shown in Attachment B, and hold in RESERVE;
- C. AUTHORIZING the Chief Executive Officer (CEO) or their designee to:
 - 1. negotiate and execute all necessary agreements and/or amendments for previously awarded projects; and
 - 2. amend the FY 2021-22 budget, as necessary, to include the 2021 Countywide Call Recertification and Extension funding in the Subsidies budget;
- D. APPROVING changes to the scope of work for:
 - 1. City of Glendale - Purchase of Alternative Fuel Buses for Glendale Beeline (#F9435)
 - 2. City of Lawndale - Redondo Beach Boulevard Improvements (#F9101)
 - 3. City of Los Angeles - Stocker/MLK Crenshaw Access to Expo LRT Station (#F3409)
 - 4. City of Los Angeles - Interactive Bicycle Board Demo Project (#F7708)
 - 5. City of Los Angeles - LADOT Streets for People: Parklets and Plazas (#F7814); and
 - 6. City of Los Angeles - Slauson Avenue: Western Avenue to Crenshaw Boulevard Project (#F9204); and
- E. RECEIVING AND FILING:
 - 1. time extensions for 66 projects shown in Attachment D; and
 - 2. reprogram for nine projects shown in Attachment E.

ISSUE

Each year the Board must recertify funding for projects that were approved through prior Calls in order to release the funds to the project sponsors. The Board must also approve the deobligation of lapsing project funds after providing project sponsors with the opportunity to appeal staff's preliminary deobligation recommendations to Metro's Technical Advisory Committee (TAC). The Board must also receive and file the extensions and reprogrammed funds granted through previously delegated Board authority. The background and discussion of each of these recommendations can be found in Attachment C.

DISCUSSION

The Call process implements Metro's multi-modal programming priorities and implements the adopted Long Range Transportation Plan (LRTP). The 2021 Call Recertification and Deobligation process reinforces the annual authorization and timely use of funds policies. Specifically, Board policy calls for consideration of deobligation of funding from project sponsors who have not met lapsing deadlines, have not used the entire grant amount to complete the project (project savings) or have formally notified Metro that they no longer wish to proceed with the project (cancellation).

Technical Advisory Committee (TAC) Appeals

On June 2, 2021, TAC heard sponsor appeals on the deobligation of funding from four projects (Attachment F). TAC recommended one-year extensions with certain reporting conditions. Staff concurs with these recommendations. Therefore, no projects would involuntarily lose funding due to the lapsing schedule and would have the timeline to completion lengthened under this proposed Board action.

Additionally, all proposed deobligated funds included in Attachment B are due primarily to project savings or cancellation requested by the project sponsors and would not be involuntarily deobligated by this proposed Board action, as further described in the attachment.

Active Call for Projects as of June 30, 2021

In August 2016, Call programming was put on hold due to limited funding capacity and the potential for over a half billion of pending/outstanding approved project scope to require additional support in Southern California's somewhat volatile construction market. Last August, Metro staff reported the completed assessments of the past and current recipient performance in project delivery (2007 to 2015 Call cycles). We updated the table as of June 30, 2021 (see below). There are approximately 220 active and/or upcoming Call projects totaling \$440.5 million, yet to be fully implemented. Staff will continue working with the project sponsors in expediting the delivery of those projects.

Table 1 - Active and Upcoming Call for Projects as of June 30, 2021

Cycle	# of Awarded Projects	Original Programming Years	Total Prog Amount (\$000')	# of Active/Upcoming Projects	Remaining Balance (\$000')
2007 Call	169	FY08 - FY13	\$ 454,520	30	\$ 58,790
2009 Call	133	FY12 - FY15	337,551	36	82,107
2011 Call	72	FY15 - FY17	123,516	30	36,270
2013 Call	96	FY15 - FY19	199,390	56	112,622
2015 Call	88	FY17 - FY21	201,923	68	150,715
	558		\$ 1,316,900	220	\$ 440,504

DETERMINATION OF SAFETY IMPACT

The 2021 Call Recertification and Deobligation will not have any adverse safety impacts on Metro’s employees or patrons.

FINANCIAL IMPACT

The amount of \$50.5 million is included in the FY 2021-22 Adopted Budget in Cost Centers 0441 (Subsidies to Others) and 0442 (Highway Subsidies) for the Countywide Call. Since these are multi-year projects, the cost center managers, Chief Planning Officer and Chief Program Management Officer will be responsible for budgeting in future years.

Impact to Budget

The sources of funds for these activities are Proposition C 25%, State Repayment of Capital Project Loan Funds, Congestion Mitigation and Air Quality (CMAQ), and Regional Surface Transportation Program (RSTP). The Proposition C 25% funds are not eligible for Metro bus and rail operating and capital expenditures.

CMAQ funds can be used for both transit operating and capital. However, there are no additional operating expenses that are eligible for CMAQ funding. Los Angeles County must strive to fully obligate its share of CMAQ funding by May 1 of each year, otherwise it risks its redirection to other California Regional Transportation Planning Agencies by Caltrans. Staff recommends the use of long lead-time CMAQ funds as planned to insure utilizing Metro’s federal funds.

RSTP funds in this action could be used for Metro’s transit capital needs. Also, while these funds cannot be used directly for Metro’s bus or rail operating needs, these funds could free up other such

eligible funds by exchanging the funds used for Metro's paratransit provider, Access Services Incorporated. Since these RSTP funds originate in the Highway portion (Title 23) of MAP-21, they are among the most flexible funds available to Metro and are very useful in meeting Call projects' requirements.

EQUITY PLATFORM

The Call, an existing competitive grant program dating back to the early 1990s, programs transportation funds to local jurisdictions for regionally significant projects that are often beyond the fiscal capabilities of local sponsors. The latest Call cycle, including all funding commitments and project scopes of work, was approved by the Metro Board in September 2015 and the projects (and scopes) included in this action predate the Equity Platform (adopted in 2018). As such, Equity Platform criteria was not included in the evaluation of these projects. However, the third pillar of the Equity Platform, "Focus and Deliver" is applicable to these community driven projects. Metro staff will be actively working with the jurisdictions to ensure delivery of those projects, including ongoing stakeholder engagements as part of the project development. To the degree possible, Metro staff will ensure that project sponsors are listening to community needs to support the "Listen and Learn" pillar of the Equity Platform.

Given that no equity analysis occurred during the initial grant process, staff is working to evaluate the equity impacts to the existing grants now. The Equity Focus Communities ("EFCs", adopted as part of the 2020 Long Range Transportation Plan for equity evaluation) are being applied to all current Call grants to support the first pillar of the Equity Platform "Define and Measure." Specifically, the EFCs are a mapping tool being added to the newly created Call administration database. The initial analysis of the EFC layer to the Call grants (within a 1 mile radius) provides information about the make-up of the communities being served by these projects. See Attachment G for details regarding the 72.7% of \$440 million in EFCs and other demographic details.

IMPLEMENTATION OF STRATEGIC PLAN GOALS

Recommendation supports the following goals of the Metro Vision 2028 Strategic Plan:

Goal 1: Provide high-quality mobility options that enable people to spend less time traveling by alleviating the current operational deficiencies and improving mobility along the projects.

Goal 4: Transform LA County through regional collaboration with the subregions and local jurisdictions in implementation of the projects.

ALTERNATIVES CONSIDERED

The Board could cancel all or some of the FY 2021-22 funding commitments rather than authorize their continued expenditures. This would be a change to the previous Board-approved Countywide Calls programming commitments and would disrupt ongoing projects that received multi-year funding.

With respect to deobligations, the Board could choose to deobligate funds from one or more project

sponsors whose projects are beyond the lapse dates and are not moving forward consistent with the adopted Revised Lapsing Policy rather than extending the deadlines. A much stricter interpretation of the Revised Lapsing Policy might encourage project sponsors in general to deliver them in a more timely fashion. However, this would be disruptive to the process of delivering the specific projects currently underway, many of which are now very close to being delivered. On balance, the appeals process between the project sponsors and the Metro TAC is a significant reminder to project sponsors that these funded projects should not be further delayed ensuring policy objectives are achieved in expending the funds as intended by the Call program.

NEXT STEPS

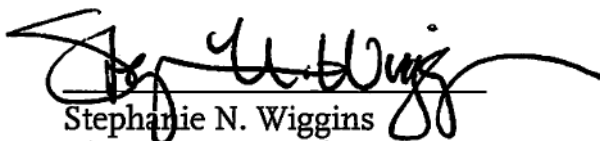

With Board approval of the 2021 Countywide Call Recertification, Deobligation and Extension process, project sponsors will be notified and Funding Agreements (FAs) and Letters of Agreement (LOAs) will be executed with those who have received their first year of funding through the Recertification process. Amendments to existing FAs and LOAs will be completed for those sponsors receiving time extensions. Project sponsors whose funds are being deobligated will be formally notified of the Board action as well as those receiving date certain time extension deadlines for executing their agreements.

Background/Discussion of Each Recommendation

A. Recertify

The \$12.78 million in existing FY 2021-22 Board approved commitments and programmed through previous Countywide Call processes are shown in Attachment A. The action is required to ensure that funding continues in FY 2021-22 for those on-going projects for which Metro previously committed funding.

B. Deobligate

Attachment B shows the \$12.47 million of previously approved Countywide Calls funding that is being recommended for deobligation. This includes approximately \$11.21 million in cancelled projects, and \$1.26 million in project savings.

C. Authorize

Projects receiving their first year of funding are required to execute Funding Agreements or Letter of Agreements with Metro. And Projects receiving time extensions are required to execute Amendments with Metro. This recommendation will authorize the CEO or their designee to negotiate and execute any agreements and/or amendments with the project sponsors, based on the project sponsors showing that the projects have met the Project Readiness Criteria and timely use of funds policies.

D. Approve Project Scope Change

1. The City of Glendale – Purchase of Alternative Fuel Buses for Glendale Beeline (#F9435) was programmed through the 2015 Call. As approved, the project includes procure three 35-foot and two 40-foot clean fuel buses to replace three existing 35-foot and two 40-foot CNG buses for its Beeline Transit System. The City is requesting to revise the scope of work to replace the five existing buses with five 35-ft battery-electric clean fuel buses for the Glendale Beeline service. The five 2009 buses have reached their useful life of 12 years. The new buses will feature bicycle racks and be ADA compliant. The buses will be deployed on the Glendale Beeline transit service which serves a significant role in providing feeder service to several Metro local and Rapid lines, Metrolink, Amtrak, Pasadena Arts, BurbankBus and LADOT Commuter Express. Staff has evaluated the proposed change in scope and found that they are consistent with the intent of the original scope of work. Metro will maintain its funding commitment of \$2,186,396, and the City will maintain its local match commitment of \$546,599 (30.3%). In addition, the City is committed to cover any future project cost overruns, if occurs.
2. The City of Lawndale – Redondo Beach Boulevard Improvements (#F9101) was programmed through the 2015 Call. As approved, the project covers 0.7 miles on Redondo Beach Boulevard between Artesia Boulevard and Prairie Avenue. The improvements include reconfiguring/adding lanes; improving traffic signals at the Hawthorne Boulevard, I-405 Southbound Off-Ramp, and Prairie Avenue intersections, add new signal at I-405 Northbound On-Ramp, signal synchronization, widening terminus of I-405 Southbound Off-Ramp, installing Class II bike lanes along the entire length of the project, adding new drought tolerant landscape

medians, improving access ramps, and improving pavement. Since the award of the Call grant, portions of project scopes were either completed by the LA County (under #F5316) or to be included as part of project with Caltrans. The City is requesting to revise the scope of work by eliminating freeway ramp improvements, traffic signals at the Hawthorne Boulevard, I-405 Southbound Off-Ramp, and Prairie Avenue intersections, add new signal at I-405 Northbound On-Ramp. Staff has evaluated the proposed change in scope and found that the remaining improvements are still consistent with the original intent of the project. The remaining scopes include: Class II bike lanes and Class III bike routes along the entire length of the project, adding new drought tolerant landscape medians, improving pavement, ADA improvements including sidewalk and curb ramp, and traffic striping and new traffic signs. Staff has evaluated the proposed change in scope and supports the changes. The revised scope of work will reduce Metro Call funds from \$3,362,792 to \$2,175,726 and the City corresponding local match commitment (35.3%) from \$1,833,519 to \$1,186,287. The revised total project cost of \$3,362,013 will result in a cost saving of \$1,187,066 in Call funds. In addition, the City is committed to cover any future project cost overruns, if occurs.

3. The City of Los Angeles – Stocker/MLK Crenshaw Access to Expo LRT Station (#F3409) was programmed through the 2009 Call. As approved, the project is for design and construction of 12 local bus shelters for Metro local and LADOT stops with benches, security lighting, wayfinding signage, bike parking, sidewalk and crosswalk improvements, bus pads and transit information. During the design phase, city staff determined some of the bus stops will be installed by the Crenshaw/LAX Transit Corridor project or will be relocated due to lack of ridership volumes. In addition, the newly adopted ADA standards would require civil design and concrete work with associated pipe/utility relocations, landscaping/tree relocations, electrical work, and easement permits. The City is requesting to revise the scope of work to include the design and construction of five bus shelters with benches, security lighting, wayfinding signage, sidewalk, and crosswalk improvements. Due to increased costs associated with the newly adopted ADA standards, this revised scope of work will require the entire project budget. Staff has evaluated the proposed change in scope and supports the changes. Metro will maintain its funding commitment of \$1,390,203 and the City will maintain its local match commitment of \$781,989 (36%). In addition, the City is committed to cover any future cost overruns, if occurs.
4. The City of Los Angeles – Interactive Bicycle Board Demo Project (#F7708) was programmed through the 2013 Call. As approved, the project is to install a total of 12 interactive display screens and 96 bicycle counters. Monitors will display this mode's level of use. Since the award of the Call grant, the City has found that the counting technology has improved and is proposing different models of Eco-Counter pedestrian and bicyclist counter units. The City is requesting to revise the scope of work by eliminating ten display screens and increase the counters. The revised scope will include 60 Loop Detectors, 55 Eco-Counter CITIX 3D Counter units, and 2 Eco-Counter Compact Displays. Staff has evaluated the proposed change in scope

and supports the changes. Metro will maintain its funding commitment of \$547,212 and the City will maintain its local match commitment of \$136,803 (20%). In addition, the City is committed to cover any future cost overruns, if occurs.

5. The City of Los Angeles – LADOT Streets for People: Parklets and Plazas (#F7814), was programmed through the 2013 Call. This project scope was revised once previously in 2019. As approved in 2019, the project is to install one parklet, one plaza, four intersection murals and nine decorative crosswalks. The City is requesting to revise the scope of work due to the financial impact of Covid-19, as well as the parklet partner withdrew. The revised scope of work will include seven decorative crosswalks, one intersection mural and one parklet. Staff has evaluated the proposed change in scope and supports the changes. Metro will maintain its funding commitment of \$437,200 and the City will maintain its local match commitment of \$109,300 (20%). In addition, the City is committed to cover any future cost overruns, if occurs.
6. The City of Los Angeles – Slauson Avenue: Western Avenue to Crenshaw Boulevard Project (#F9204), was programmed through the 2015 Call. As approved, the project covers 1.26 miles of improvements on Slauson Avenue by increasing curb radii, installing new signalization equipment at key intersections, reconstructing failing AC pavement, providing street lighting, and installing ADA compliant curb ramps. The City is now proposing to make 0.80 miles of improvements, between Western and 5th Avenue. The revised scope will include the construction of curbs and gutters, sidewalks, driveways, grind and overlay portions of the pavement, and ADA compliant curb ramps. Staff has evaluated the proposed change in scope and found that they are consistent with the intent of the original scope of work. Metro will maintain its funding commitment of \$1,929,408 and the City will maintain its local match commitment of \$482,352 (20%). In addition, the City is committed to cover any future cost overruns, if occurs.

E. Receive and File

1. During the 2001 Countywide Call Recertification, Deobligation and Extension, the Board authorized the administrative extension of projects based on the following reasons:
 - 1) Project delay due to an unforeseen and extraordinary circumstance beyond the control of project sponsor (federal or state delay, legal challenge, Act of God);
 - 2) Project delay due to Metro action that results in a change in project scope, schedule or sponsorship that is mutually agreed; and
 - 3) Project is contractually obligated, however, a time extension is needed to complete construction that is already underway (capital projects only).

Based on the above criteria, extensions for the 66 projects shown in Attachment D are being granted.

2. Since the March 2016 Metro TAC approval of the Proposed Revised Call Lapsing Policy, several project sponsors have informed staff that their projects will not be able to be completed within the one-time, 20-month extension. Through the 2016 Call Recertification and Deobligation process, Board delegated authority to reprogram currently programmed Call funds to a later year. Reprograms for the nine projects shown in Attachment E are being granted.

Reason for Extensions:

1. Project delay due to an unforeseen and extraordinary circumstance beyond the control of the project sponsor (federal or state delay, legal challenge, Act of God, etc.);
2. Project delay due to Metro action that results in a change in project scope, schedule, or sponsorship that is mutually agreed; and
3. Project is contractually obligated, however, a time extension is needed to complete construction that is already underway (capital projects only).

Reason for Extensions:

1. Project delay due to an unforeseen and extraordinary circumstance beyond the control of the project sponsor (federal or state delay, legal challenge, Act of God, etc.);
2. Project delay due to Metro action that results in a change in project scope, schedule, or sponsorship that is mutually agreed; and
3. Project is contractually obligated, however, a time extension is needed to complete construction that is already underway (capital projects only).
