RESTORING CONFIDENCE IN THE SYSTEM

Metro®

Our Goal: Make Metro the top transportation choice for Angelenos and visitors

How? By providing an exceptional customer experience. That means offering a service that's **easily accessible, reliable** and that **anticipates customer needs**.

But first, we need to **restore confidence** that the system is **safe**.

Safety MarComms Campaign objectives:

- Raise rider and community awareness of our comprehensive safety plan
- Create purposeful engagement and communication with current and future riders
- Regain the trust of riders and the community
- Retain and increase ridership

The communications strategy: simple, honest, engaging

Make it **simple** by grouping all the things we have done and will do to improve safety into three easy-to-remember categories:

Security

We strategically deploy security to enforce Metro rules and law enforcement to address crime.

We're installing more security cameras and lighting.

And our Transit Watch app enables you to reach out to us to report issues.

Violence will not be tolerated on our system.

Cleanliness

A clean place is a safe place, so we've increased cleaning crews and frequency of cleaning.

We're replacing our cloth seats with vinyl seats that are easier to clean and maintain.

We're placing special emphasis on monitoring our elevators to ensure they are clean.

Service and Care

Metro Ambassadors, who will be aboard trains and buses and at stations, will help you navigate our system.

We're doubling our homeless outreach teams.

We're adding crisis intervention teams.

The communications strategy: simple, honest, engaging

Make it **honest** by clearly acknowledging the problem, and telling them how we're solving it

You've told us you don't feel safe.
