JANUARY 19, 2023****SUBJECT: BOARD ADMINISTRATION 5-YEAR STRATEGIC PLAN - MOTION 43 ANNUAL
UPDATE****ACTION: RECEIVE AND FILE****RECOMMENDATION**

RECEIVE AND FILE the annual update to the Board Administration 5-Year Strategic Plan (Attachment A).

ISSUE

Motion 43 by Directors Garcetti, Solis, and Najarian (Attachment B) was approved at the May 27, 2021, Regular Board Meeting. This Motion amended Metro's Administrative Code to refer to the Board Secretary as Board Clerk and directed the Board Clerk to prepare a strategic plan, including but not limited to:

1. Delivering continuous improvement to encourage meaningful public engagement and improve the accessibility of Board meetings, materials, and public comments; and
2. Continuation of effective public engagement options developed as Metro and L.A. County jurisdictions responded to the pandemic and its recovery process.

The Board Clerk committed to coming back with yearly updates on the progress of the goals laid out in the Strategic Plan.

BACKGROUND

Led by the Board Clerk, the Office of Board Administration (Board Administration) is currently a 26-member team. Board Administration is comprised of the Board Clerk's Office, Legal Services, the Dorothy Peyton Gray Research Library and Archive, and the Records Management Center. As the agency's record keeper, the Board Clerk is responsible for keeping accurate Board Meeting minutes and for producing Committee and Board Meetings. The department handles public records requests, claims for damages, electronic records management, and manages the research library and archive. As the department has moved away from a paper process and embraced technology in multiple facets of business operations, the need for innovation has increased exponentially. Board Administration no longer solely plays an administrative role at Metro but is an important strategic

partner for the agency. This team is composed of future-thinking, highly skilled individuals who strive to keep Metro transparent, responsive, equitable, and accountable. Transparency and public engagement are crucial to the democratic process and to quality decision-making by our Board of Directors. As the conduit between the public and the Board of Directors, we aim to remove any barriers to access.

The Board Administration 5-Year Strategic Plan was presented to the Board of Directors in January 2021 and has four goals, each with subgoals and yearly milestones. The Strategic Plan is a roadmap for Board Administration and gives our customers a clear picture of where we plan to be and how we will get there in five years. The four goals are: 1. ongoing workforce development; 2. responsive, accountable, and trustworthy governance within the Metro organization; 3. enhanced public engagement with Metro's Board of Directors; and 4. improved agencywide Strategic Knowledge Management, utilizing innovations in the preservation, access, and curation of Metro's information.

DISCUSSION

Progress on the goals is detailed in Attachment C, with highlights shown below:

1. Ongoing workforce development.
 - *Subgoal 1.3: Onboarding Program for Board Members* - Develop a comprehensive onboarding program to welcome and orient new Board members.
 - As the onboarding document developed, it became clear that for an effective and comprehensive program, multiple departments would be involved. Before program development, the team met with three Board Offices to understand what onboarding looked like from different perspectives. Refinement continued with early presentations of the document to internal Metro departments, new Board staff, the Chief Executive Officer, and the Chief Ethics Officer.
 - December 2022 saw the change of two Board Members with the possibility of additional changes in the near future, and it was imperative the onboarding program was completed and ready for implementation by mid-December.
2. Responsive, accountable, and trustworthy governance within the Metro organization.
 - *Subgoal 2.1: Comprehensive Research Support* - Leverage the Library's unique collection of resources, and its staff's research expertise, to assist the Board of Directors, Metro employees, and the public, in making key decisions.
 - The Library Team was instrumental in supporting the opening of the K Line with a detailed written history published online. *LAist*, *Leimert Park Beat*, *LA Times*, and *NPR* cited the library's resources in their own stories about the K Line.
3. Enhanced public engagement with Metro's Board of Directors.
 - *Subgoal 3.3: Public Access to Archived Board Meeting Documents* - Improve internal and external access to records of past Board decisions so it's easier to evaluate future decisions in context.
 - The migration of all Board documents into a single repository accessible to the public is a year-3 milestone. In the meantime, staff launched a federated search tool for the public to search multiple Board archives (pre-2015 documents) in one place. The tool allows a user to search several different data sources at once by making a single query.

The federator gathers results from one or more search engines and then presents all of the results in a single user interface. It is used when looking for files through Records Management, Library, Board Office, and the public via boardagendas.metro.net.

4. Improve agencywide Strategic Knowledge Management, utilizing innovations in the preservation, access, and curation of Metro's information.
 - *Subgoal 4.6: Promote Records Management Center (RMC) as a Resource of the Agency* - Annually, RMC handles approximately 2,000 requests made under the California Public Records Act and it is vital that all requests are responded to appropriately by being filtered through RMC. The department analyzes each request and works closely with County Counsel to determine the appropriate responsive documents.
 - Promoting the department and its processes are key to building trust among RMC and the many internal partners it supports. RMC has fostered this through email blasts promoting International Records and Information Management Month, training presentations to Countywide Planning and Development, participation in the Hoteling Working Group, and adoption of the updated Records Retention Schedule.

EQUITY PLATFORM

The Board Administration's mission is to reduce barriers to the public accessing information by providing a one-stop shop.

The Strategic Plan will support equitable access to information for internal staff and the public. Additionally, the Strategic Plan reduces barriers to information access by offering multiple means of communication with the Board, including options for communication in different languages. For example, optimizing search capabilities in our Board archive database; integrating an online translating service for forms such as the forms for public records request and claims for damages; and continuing to provide opportunities for public participation at Committee and Board meetings by accepting public comment via telephone during meetings, and via email and U.S. Mail in advance of meetings.

All of this is in pursuit of making Metro more transparent and responsive to our community.

IMPLEMENTATION OF STRATEGIC PLAN GOALS

This recommendation supports Metro's Vision 2028 goal 5 to provide responsive, accountable, and trustworthy governance within the Metro organization. Further, the goals contained within the Board Administration 5-Year Strategic Plan are connected to the following Metro subgoals under goal 5:

- *Subgoal 5.3:* Metro will develop a transparent data management policy that addresses open data, data storage, and data protections.
- *Subgoal 5.4:* Metro will apply prudent commercial and business practices to create a more effective agency.
- *Subgoal 5.7:* Metro will build and nurture a diverse, inspired, and high-performing workforce.

NEXT STEPS

Staff will return annually with an update on milestones achieved and will return in FY2028 with an

updated 5-Year Strategic Plan.

Our Services

- *Board Administration Services*

Board Administration serves the public, Board Chair, the Board of Directors and its Committees, as well as other Metro departments, and advisory councils. Annually, it attests over 2,000 contracts, posts and publishes more than 1,500 legally required notices and ordinances as mandated by the law and administrative code. Additionally, the office processes more than 1,500 documents transmitted for board consideration and creates more than 3,000 board files each year. As the Board's official record keeper, we support and facilitate the meetings of the Board and its Committees, and maintain records of board actions.

- *Dorothy Peyton Gray Transportation Research Library & Archive*

The Research Library and Archive was first opened in 1895 by predecessor company Los Angeles Consolidated Railway and passed down through Los Angeles Railway (1911-1945), Pacific Electric (1911-1953), Los Angeles Transit Lines (1945-1958), Metropolitan Coach Lines (1953-1958), Los Angeles Metropolitan Transit Authority (1958-1964) Southern California Rapid Transit District (1964-1993), and the Los Angeles County Transportation Commission (1977-1993).

It contains current transportation research references and the collected institutional memory of Metro and its predecessors. It is the largest transit operator research library and archive in the nation. Almost 50% of its collection is unique and not found in any other library. It serves employees, the public, academia, and the media with its extensive catalog of multi-disciplinary transportation research reports and supporting references. Its collections are part of the OCLC World Library collection and the Online Archive of California.

- *Legal Services*

Legal Services accepts, processes, and logs all claims for damages, legal claims, and subpoenas that are served on the agency. This area handles an annual average of 2,000 claims and 300 subpoenas.

- *Records Management Center*

The business of managing millions of Metro files and documents, including their scheduled retention and destruction, is the responsibility of the Records Management Center (RMC). RMC administers a comprehensive agency wide records management program and provides storage and reference services for Metro records and historical documents. All documents affecting the agency, including ordinances, contracts, leases, deeds, and the official Metro seal, are in the custody of the Board Clerk.

RMC is responsible for coordinating responses to an average of 2,000 annual requests made under the California Public Records Act; contracting for the offsite storage of inactive departmental records; the agency's records management program; and providing litigation support to Counsel. Records Management also works together with the Dorothy Peyton Gray Transportation Research Library to maintain the agency's Archives for the permanent retention and preservation of our historical records that date back to 1873.

- *Systems & Electronic Records*

Systems & Electronic Records provides strategic and tactical planning for the technology used by the Library and Archive, Board Clerk, and Records Management Center's day-to-day operations. This includes application development, system integration, automation, and technical support for all internal Board Clerk sections, and to the public with online access to agency records. Their mission is to modernize systems, automate workflows, and improve efficiency and transparency in the services the agency provides in a holistic and sustainable manner.

Additionally, this group strives to continue providing first-class service to the Library and Archive, Records Management Center, Board Administration, and their customers, with innovations in transparency and accessibility.

Board Report

File #: 2021-0345, File Type: Motion / Motion Response

Agenda Number: 43.

**EXECUTIVE MANAGEMENT COMMITTEE
MAY 20, 2021**

Motion by:

DIRECTORS GARCETTI, SOLIS, AND NAJARIAN

Amend the Metro Administrative Code to Refer to the Board Secretary as Board Clerk

State law requires the Metro Board to appoint a Board Secretary. The Board Secretary is the professional administrative arm of Metro and reports directly to the Board of Directors.

Pursuant to the Metro Administrative Code, the Board Secretary is a full time officer of Metro and is responsible for providing notice to the public of all Board meetings, keeping official minutes of all Board meetings, acting as agent for service of process, and administering claims for damages presented against Metro under the Government Code. Moreover, the Board Secretary provides administrative and professional services to support the Board of Directors in accordance with Metro's vision and internal controls.

The current title of Board Secretary reflects a solely administrative role and does not reflect the professional nature and responsibilities of the office. The title "Board Clerk" more accurately reflects both the administrative and professional nature and responsibilities of the office and is in line with industry and government agency standards.

Additionally, as L.A. County recovers from the pandemic, the Board Secretary/Board Clerk should prepare a strategic plan that identifies opportunities to strengthen public engagement with the Metro Board.

SUBJECT: AMEND THE METRO ADMINISTRATIVE CODE TO REFER TO THE BOARD SECRETARY AS BOARD CLERK

RECOMMENDATION

APPROVE Motion by Directors Garcetti, Solis, and Najarian that the Board of Directors amend the Metro Administrative Code Section 2-10-010 to refer to the Board Secretary as the Board Clerk.

From:
2-10-010 Appointment of Board Secretary

The Board of Directors shall appoint a Board Secretary who shall be a full time officer of the MTA.

To:
2-10-010 Appointment of Board Secretary
The Board of Directors shall appoint a Board Secretary who shall be a full time officer of the MTA and be referred to as Board Clerk.

WE FURTHER MOVE that the Board of Directors direct the Board Clerk to prepare a strategic plan, including but not limited to:

1. Delivering continuous improvement to encourage meaningful public engagement and improve accessibility of Board meetings, materials, and public comments; and
2. Continuation of effective public engagement options developed as Metro and L.A. County jurisdictions responded to the pandemic and its recovery process.
