EXECUTIVE MANAGEMENT COMMITTEE
JUNE 20, 2024

SUBJECT: UNSOLICITED PROPOSALS POLICY UPDATE

ACTION: APPROVE RECOMMENDATION

RECOMMENDATION

CONSIDER:

- A. RECEIVING AND FILING the status update on the recommendations from the Unsolicited Proposals Five Year Review; and
- B. ADOPTING the Unsolicited Proposals (UP) Policy Staff Recommendations (Attachment A) in response to Board Motion 39.

ISSUE

Since inception in February 2016, the Unsolicited Proposals (UP) Policy (Attachment B) has led to 286 Unsolicited Proposals - a substantial volume of submissions. Of those 286 Unsolicited Proposals, 34 proposals have advanced to implementation, leading to 22 unique projects and 13 nocost-to-Metro Proofs of Concept as of May 2024. Projects and approaches that originated as an Unsolicited Proposal include Metro Micro, Camera Bus Lane Enforcement, and Smart Mobile Bathroom Pilot.

At its March 2024 meeting, the Board approved Motion 39 (Attachment C) by Directors Yaroslavsky, Bass, Krekorian, Najarian, and Horvath, directing the CEO to provide a comprehensive review and recommend updates to the UP Policy related to key focus areas. This report addresses Board Motion 39 including a status update on the recommendations from the Unsolicited Proposals Five Year Review completed in 2021.

BACKGROUND

Established in February 2016, Metro's UP Policy allows any external party (such as a company, non-profit, or private citizen) or Metro employee to submit conceptual project proposals for formal evaluation. The UP Policy is a nimble, industry-accepted procurement tool managed by the Office of Strategic Innovation (OSI) and Vendor/Contract Management (V/CM) that provides an avenue for new ideas to be received, explored, and implemented to advance Metro's mission and priorities.

Agenda Number: 21.

Unsolicited Proposals are evaluated by a Review Team, composed of Metro staff from the following Departments: OSI, at least one subject matter expert from outside OSI, and V/CM. Unsolicited Proposals can result in one of four outcomes:

- 1. Decline Proposal: Metro does not seek additional information or proceed with a proposal.
- 2. Additional Fact-Finding (referred to as "Phase II" in the UP Policy): Metro requests more detailed technical and financial information to fully understand and evaluate the proposal.
- 3. Proof of Concept: a no-cost-to-Metro pilot of the proposal with limited scope and duration to demonstrate product viability.
- 4. Advance to Implementation: Review Team gives a recommendation for a proposal to proceed to competitive solicitation. In three circumstances, and in adherence to V/CM rules and guidelines, a proposal can qualify to advance to a sole source solicitation. Advancing a proposal to implementation does not compel Metro to enter into a contract. Metro, at its sole discretion, may return and/or decline to proceed with an Unsolicited Proposal at any time during the process. All proposals advanced to implementation must adhere to Federal, State, and Board mandated procurement guidelines.

Once the Review Team makes a recommendation, staff crafts a Decision Letter with the outcome and reasoning outlined for the proposer. A Decision Letter is not binding; it is intended to inform the proposer of Metro's intent. The intent given can change at Metro's sole discretion.

In February 2021, Metro staff issued a Five Year Review of the UP Policy, which assessed whether the Policy had worked as intended, led to high-value projects, and made Metro more innovative. The Five Year Review concluded that the UP Policy had provided a steady flow of ideas, helped to drive decision-making, and established a process for developing meritorious ideas into Metro projects. The assessment also produced eight recommendations to update and improve the Policy. In 2021, the Metro Board also adopted the Joint Development (JD) Policy, which spoke to the treatment of Unsolicited Proposals for prospective Joint Development sites. Within the Policy, staff may consider unsolicited proposals that seek the right to develop or improve Metro property by bringing unique benefits to a Metro site such as adjacent property.

DISCUSSION

Integration of Metro's Core Mission, Goals and Priorities

The UP Policy exists to widen the portal for ideas on the ways in which Metro delivers its core mission of getting people where they need to go in a safe, efficient, affordable, and reliable manner. Ensuring that proposals advance Metro's goals and align with the agency's priorities are critical to the success of any Unsolicited Proposal that is eventually implemented. Metro staff recommend the following adjustments that strengthen the review process and prioritize proposals that best meet Metro's priorities:

1. Incorporate equity and sustainability components in the Unsolicited Proposal review process: staff recommends adding questions in the Exhibit C intake form that ask proposers to directly state how the project will advance Metro's Equity and Sustainability values. Once an Unsolicited Proposal is received, staff use a series of six criteria to evaluate a proposal. Staff

recommends including equity as a seventh evaluation criterion. Staff will also include these recommendations when using the Rapid Screening Tool, which will include equity as a criterion. The Rapid Screening Tool rates proposals on a 0-3 scale for each criterion and is used during high intake periods for Unsolicited Proposal. Equity will be measured based on the extent to which the proposal presents an "equity opportunity." Metro defines an equity opportunity as "a decision that is designed to provide benefits or reduce or not perpetuate disparities for historically marginalized communities or others facing disparities in access to opportunities." Unsolicited Proposals may warrant further review through Metro's Rapid Equity Assessment (REA) if the proposal does not present a strong equity opportunity. For example, an Unsolicited Proposal that scores well in the areas of technical and financial merit but has the potential to result in negative impacts to marginalized and vulnerable groups may require a REA.

An equivalent screening tool for sustainability does not currently exist at the agency. However, staff recommends including consideration for sustainability in the formal evaluation that must be developed for all Unsolicited Proposals to ensure thorough internal review. This requirement will be stated as follows: "Describe and quantify, if possible, how the proposal advances (or does not hinder) Metro's commitment to environmental sustainability and/or climate resiliency." Staff will also post additional guidance on Metro's equity and sustainability goals on the Partnerships webpage to direct interested parties to pertinent resources.

2. Prioritize Unsolicited Proposals in support of the 2028 Olympic/Paralympic Games and Measure R & M Expenditure Plans: Staff recommend additional informational requirements in Exhibit C of the Policy that indicate how the proposal supports projects outlined in the Measure R and Measure M Expenditure Plans, as well as, whether the submitted Unsolicited Proposal supports the 2028 Mobility Concept Plan or Olympics preparation and to identify the specific project within the plan. Unsolicited Proposals that clearly demonstrate alignment will be prioritized for review.

Phased Review Process and Regularity of Board Consultation

Blackout Period

Staff continue to adhere to all policies, State/Federal laws, and internal ethics standards surrounding procurements and specific projects with information not yet publicly available. Federal and state rules mandate a "blackout period" during the procurement process, in which the proposer cannot engage in any advocacy while the proposal is being evaluated. The Board is prohibited from seeking information from Metro staff during review. While these rules, outlined in California Public Utilities Commission Sections 130680 and 130685, were adopted prior to the establishment of the Unsolicited Proposals process, staff have maintained a consistent standard of the application of procurement rules and guidelines to maintain the integrity of the review and evaluation of Unsolicited Proposals. As such, staff do not inform the Board, public, or any non-Review Team members of

ongoing Unsolicited Proposal reviews for the following reasons:

- To maintain the impartiality of Metro's Board during ongoing procurement efforts.
- To maintain the impartiality of Metro's Review Team by prohibiting industry stakeholders from communicating with staff and influencing evaluation efforts.
- To maintain trust and confidentiality with proposers and protect proprietary information and/or technologies.
- To allow for a nimble and streamlined review process. Staff have 120 days to respond to Unsolicited Proposals. Creating a Board review process for active Unsolicited Proposals would lead to increased demand for staff time on each Unsolicited Proposal to meet these deadlines.
- To ensure the competitiveness of a future solicitation resulting from a successful Unsolicited Proposal review.

Metro staff currently maintain a blackout period for all Unsolicited Proposals submitted until a Decision Letter is signed and sent to the proposer. However, staff recommend quarterly reports to the Board on the Decision Letters issued related to Phase 1 and Phase 2 milestones, except for "landmark Unsolicited Proposals." "Landmark" is defined as Unsolicited Proposals, such as major capital projects or new transit service, that proceed through initial review (Phase 1), or proposals that require Metro to allocate more than \$10 million. "Landmark" proposals would require Board approval based on the following threshold:

- Any Unsolicited Proposal recommended to "Advance to Implementation" that introduces a new mode of mobility and/or transit guideway systems that require Metro funding, project management, call for Metro to serve as lead agency in the development of an EIR/EIS, and/or falls under a project subject to CPUC Code 130252, and/or;
- Any Unsolicited Proposal recommended to "Advance to Implementation" that would require Metro to allocate more than \$10 million to fulfill a solicitation.

Note: An "advance to implementation" recommendation is not a legally binding commitment from Metro to undertake a project or the scope proposed therein. As stated on page seven of the UP Policy, "Nothing in this policy or otherwise requires Metro to act or enter into a contract based on an Unsolicited Proposal." <u>Strengthened Community-Focused Transparency and Engagement</u>

The UP Policy is a medium for stakeholders to present ideas beyond the normal avenues of internal project generation. While the blackout period prevents staff from engaging with the public regarding the details of an Unsolicited Proposal during the review process, staff have identified opportunities that enhance the community engagement process once the blackout period is lifted. These opportunities are described below.

Prioritize Proposals that Promote Community-Informed Projects

The UP Policy works to move Metro's mission, goals, and values forward. An enhancement to the Policy, as discussed in this Report, is to prioritize proposals that support projects listed in the 2028 Mobility Concept Plan, Measure R/M Expenditure Plans, and/or plans published by Metro that set agency and department priorities. The priorities in these plans have been vetted by the public and will

continue to follow Metro's standards for community engagement as they progress through planning and implementation.

Early Community Engagement Planning for Landmark Unsolicited Proposals

When proposals meet the above thresholds for Board consultation, staff will consult with Metro's Community Relations team during the review period for guidance on how to seek input from community stakeholders as the project develops. If a proposal is advanced to implementation, staff would include this information when seeking Board approval. This information serves to prompt conversations on community engagement and informs the Board of staff's recommendations. All community engagement activities would occur after the proposal outcome has been determined, and the Board has approved Metro's recommended course of action.

Community Outreach for Joint Development Unsolicited Proposals

Language within the Joint Development UP Policy supports the framework for community outreach. Community outreach would occur prior to the proposed project being submitted to the Board for consideration. Promoting community-focused transparency and engagement would occur through the creation of a developer-led community outreach plan, canvassing of local stakeholders in proximity to the project, presentations to interested parties, and direct communications to the Board of Directors and affected locally elected officials. Any major project that proceeds through the Joint Development Unsolicited Proposals process to environmental review would be subject to the engagement best practices.

Industry Outreach

Staff have also engaged in industry outreach. In December 2018, the Office of Strategic Innovation hosted an Unsolicited Proposal forum with the theme "Think You Can Solve Traffic," which allowed interested partners and community members the opportunity to learn about Metro's current efforts, hear from industry professionals and researchers, as well as discuss their ideas with Metro. Staff received 43 proposals following the forum. These outreach efforts are under consideration for the future, particularly for projects that serve the 2028 Games.

Workstream Delegation to Reduce Metro Staff Time

Staff have access to a financial advisory bench of consultants that can be activated for additional support in evaluating the financial viability of Public-Private Partnerships. When Metro receives an Unsolicited Proposal that presents a Public-Private Partnership opportunity, staff can solicit support from this bench to augment Metro staff capacity and expertise and reduce staff time needed to conduct an extensive financial evaluation. Staff have used these resources in the past and will continue to do so when necessary. Additionally, the Rapid Screening Tool allows staff to more effectively and efficiently identify proposals that do not align with Metro's mission and values.

Staff capacity is a factor as a part of the Feasibility criteria for proposal evaluation. For Landmark Unsolicited Proposals that meet the above threshold, Metro staff will incorporate initial findings on how the proposal will impact staff time as part of the subsequent Receive and File to the Board.

Status of Five Year Review Recommendations

File #: 2024-0247, File Type: Motion / Motion Response

Agenda Number: 21.

In the Five Year Review, staff introduced eight recommendations to update and improve the Policy. The recommendations were:

- 1. Expand FAQ documents to include a discussion of proposal success factors;
- 2. Formalize pre-proposal briefings;
- 3. Apply an equity lens to proposals;
- 4. Employ the Rapid Screening Tool to assess a proposal's chance of success;
- 5. Extend the review period:
- 6. Finalize and disseminate Policy operating procedures to clarify the process for participants;
- 7. Establish a Proof of Concept best practices guide and library resource;
- 8. Write the next Innovation Portfolio;

Recommendations 1, 2, 5, and 6 have been fully adopted.

While equity was established as an evaluation consideration in the Phase I evaluation form following the release of the Five Year Review, staff have now memorialized equity criterion in the Rapid Screening Tool as well. As mentioned above, Unsolicited Proposals that represent an equity opportunity, whether by enhancing positive impacts or reducing negative impacts for historically marginalized communities or others likely to be impacted by the proposal, may warrant further review through Metro's Office of Equity and Race Rapid Equity Assessment (REA).

The Rapid Screening Tool is not currently outlined in the UP Policy and, therefore, is not universally applied to incoming Unsolicited Proposals as such a grading mechanism is not readily available to proposers. Metro staff recommends updating the UP Policy to include the Rapid Screening Tool. The adoption of these changes will mean Five Year Review Recommendations 3 and 4 will be fully adopted. Recommendations 7 and 8 will be completed before the end of 2024 when staff publishes the Innovation Portfolio and Proof of Concept best practices guide.

FINANCIAL IMPACT

Approval of the recommendations does not result in a financial impact to Metro.

EQUITY PLATFORM

Staff are taking additional steps, as outlined in the recommendations above, to incorporate equity as part of the Unsolicited Proposal review and evaluation process. This includes codifying equity as a core consideration in the Exhibit C intake form.

IMPLEMENTATION OF STRATEGIC PLAN GOALS

The UP Policy is a flexible tool that can be adapted to advance many of Metro's strategic goals. The Policy supports the implementation of Goal 1: Provide high-quality mobility options that enable people to spend less time traveling; Goal 2: Deliver outstanding trip experiences for all users of the transportation system; Goal 3: Enhance communities and lives through mobility and access to

File #: 2024-0247, File Type: Motion / Motion Response Agenda Number: 21.

opportunity.

ALTERNATIVES CONSIDERED

The Board could elect not to approve recommendations set forth in this report and maintain status quo operating procedures for proposal intake and review. However, this is not recommended as including equity and sustainability considerations in reviews, reporting thresholds for Board review, and Olympic/Paralympic MCP, as well as Measure R and M Expenditure Plan prioritization during intake, can help the UP Policy and staff facilitate more effective reviews. Not taking these actions can reduce Metro's ability to address mobility issues nimbly and equitably through new ideas.

NEXT STEPS

Upon Board approval, staff will incorporate the recommendations outlined in this Board Report, publish the revised UP Policy on Metro's website, and update the website and FAQ document to reflect current information.

Chief Executive Officer

Attachment A – Staff Recommendations

Staff recommend implementing the following changes to the UP Policy upon approval of Board Action 2024-0247:

- Add fields on the Exhibit C intake form that asks proposers to demonstrate how
 the proposal intersects with Metro's Equity and Sustainability values; the
 Olympics/Paralympics Mobility Concept Plan; Measure R and M Expenditure
 Plans; and/or plans published by Metro that set agency and department priorities.
 Proposals that address projects listed in the Mobility Concept Plan, Measure R
 and/or M Expenditure Plans, or identified as a priority in published departmental
 plans will be prioritized in the Unsolicited Proposal review queue.
- Include Equity as an evaluation criteria, including as a scored consideration in the Rapid Scoring Tool and staff evaluation form. Include Sustainability as a consideration in the evaluation form for an Unsolicited Proposal;
- Provide quarterly updates to the Board on Decision Letters issued on Phase 1 and Phase 2 milestones that are out of the blackout period.
- Formalize process to receive Board approval on "Landmark" Unsolicited Proposals after a proposal is Advanced to Implementation and meet or exceed at least one of the following thresholds:
 - introduces a new mode of mobility and/or transit guideway systems that require Metro funding, project management, call for Metro to serve as lead agency in the development of an EIR/EIS, and/or falls under a project subject to CPUC Code 130252, and/or;
 - A proposal recommended for approval that would require Metro allocate more than \$10 million to fulfill a solicitation.
- Include staff from Metro's Community Relations team on landmark proposal reviews and notify Metro Board on engagement best practices to inform approval.

LOS ANGELES COUNTY METROPOLITAN TRANSPORTATION AUTHORITY (METRO) UNSOLICITED PROPOSALS POLICY AND PROCESS

Overview

Applicability

This policy and procedure applies to Unsolicited Proposals received by Metro. The Joint Development section of this policy is designed to address unsolicited proposals regarding the acquisition, lease, sale or shared use of Metro real property. Persons interested in submitting an unsolicited proposal for shared use and/or development on Metro-owned property should review that section of this policy, which provides specific details on submitting an Unsolicited Proposal for Joint Development (JD) sites.

What is an Unsolicited Proposal?

A written proposal that is submitted to Metro on the initiative of the submitter for the purpose of developing a partnership that is not in response to a formal or informal request issued by Metro.

What distinguishes an Unsolicited Proposal?

It should be:

- > Innovative and pragmatic;
- > Independently originated and developed by the proposer;
- > If submitted by parties external to Metro, prepared without Metro's supervision, endorsement, direction, or direct involvement; and
- > Sufficiently detailed that its benefits in support of Metro's mission and responsibilities are readily apparent.

An Unsolicited Proposal is distinguishable from a project already part of Metro's long-term budget planning process and plan if it uses innovative but pragmatic solutions that offer added value, such as enhanced financing options, improved customer service outcomes or advanced delivery dates. Sales tax bonds and certificates of participation are not unique and innovative financing tools.

Should proposers interested in a published solicitation submit an Unsolicited Proposal? No. An Unsolicited Proposal is not any of the following:

- > An offer responding to Metro's previously published expression of need or request for proposals;
- > An advance proposal for property or services that Metro could acquire through competitive methods (submitted within the budget year before release of a published request for proposal); or
- > A replacement for an existing contract that is already in effect; or
- > An opportunity to stipulate the means and methods of an existing contractual relationship.

Unsolicited Proposals Process Overview

All Unsolicited Proposals shall be submitted to the Metro Vendor / Contract Management (V/CM) office, which will log the proposal and within three business days, then officially transfer it to the Office of Extraordinary Innovation (OEI) for evaluation of technical and/or financial merit. Joint Development Unsolicited Proposals will be transferred to the Joint Development Team.

Metro receives and evaluates Unsolicited Proposals using a two-phased approach, as described below. All Unsolicited Proposals, both in general and for Joint Development, will be evaluated using the two-phased approach, however, the JD process is defined in a separate section of this policy. In Phase One, we evaluate conceptual proposals. Conceptual proposals will be reviewed within 90 days of receipt, at which time a determination will be made as to whether to review additional and detailed information in Phase Two. If there is interest in a conceptual proposal, the proposer may be asked to submit a detailed proposal for

evaluation in Phase Two. In the event that the project proceeds beyond Phase Two or otherwise involves a competitive procurement or sole source procurement, Metro's procurement policies and procedures will apply. Metro may, at any time, choose not to proceed further with any Unsolicited Proposal.

Phase One – Conceptual Proposal

The purpose of Phase One is for Metro to receive written, concept-level proposals and to screen those proposals to determine whether to request additional and detailed information in Phase Two.

Threshold Review and Process Overview

Upon receipt of a conceptual proposal, Metro V/CM staff will take the following steps:

- i. Promptly acknowledge receipt of the proposal (letter to proposer); and
- ii. Determine whether the proposal meets the threshold requirements of an Unsolicited Proposal.

Before initiating a Phase One evaluation, the OEI, in cooperation with V/CM staff, will determine if the conceptual proposal meets the following threshold requirements:

- > Satisfies the definition of an Unsolicited Proposal;
- > Includes all required content and attachments;
- > Contains sufficient detail to enable Metro to perform an adequate evaluation;
- > If submitted by parties external to Metro, has been approved by a responsible official or other representative authorized to contractually obligate the proposer;
- > Complies with the marking requirements for use and disclosure of data;
- > If submitted by parties within Metro, has been approved with signature by a departmental Chief.

If the proposal meets the threshold requirements, Metro V/CM and OEI staff will take the following steps:

- i. V/CM: Log the proposal and assign it a number;
- ii. V/CM: Officially transfer the proposal to OEI staff;
- iii. OEI: Assemble an evaluation team as well as technical and financial subject-matter experts related to the Unsolicited Proposal with the oversight of Vendor/Contract Management;
- iv. OEI: Facilitate the evaluation process as needed; and
- v. OEI: Notify the proposer of Metro's decision. The possible outcomes may be to discontinue the process, proceed to Phase Two, or pursue a competitive procurement. OEI will provide a general explanation of the reasons for the decision, communicate regularly with the Office of the CEO, and seek CEO's approval of recommendations related to implementation.

Content – Conceptual Proposal

Conceptual proposals should include the information identified in the Conceptual Proposal Form (Exhibit C to this policy).

Evaluation – Conceptual Proposal

Conceptual proposals will be evaluated promptly in accordance with the criteria set out in this section. At Phase One, the evaluation process will include the following:

- > If a financial evaluation team has been assembled, that team will have access to the technical proposal for purposes of determining the proposed project scope;
- > The proposer(s) will have no interaction with the evaluation team, except at Metro's sole discretion.

Evaluation Criteria – Conceptual Proposal

If the proposal meets the threshold requirements, the evaluation team, including at least one (1) review team member outside of OEI and V/CM, will determine the evaluation criteria, as necessary, to reflect the specific proposal, but generally will consider the following factors:

- i. The proposal offers direct or anticipated benefits to Metro, its passengers and the community;
- ii. The proposal is consistent with Metro's objectives and goals;
- iii. The proposal satisfies a need for Metro that can be reasonably accommodated in Metro's annual long-term capital and operating budgets without displacing other planned expenditures, without placing other committed projects at risk, and without significantly increasing the cost of the proposed items;
- iv. The proposal offers goods or services that Metro may not have intended to procure or provide through the normal Metro contract process;
- v. If the proposal contains significant financial, technical and legal components, those disciplines have approved an action that proceeds to Phase Two; and
- vi. Are within Metro's jurisdiction or control; and
- vii. Other factors appropriate for the particular proposal.

Phase Two – Detailed Proposal

The purpose of Phase Two is for Metro to receive more detailed technical and financial information to fully understand and evaluate the proposal. At the conclusion of this phase, Metro will decide whether to forego the proposal, to proceed to a sole source agreement, or to pursue a competitive solicitation.

Process – Request for Detailed Proposal

If Metro desires to proceed to Phase Two, OEI will issue a Request for a Detailed Proposal that, in coordination with V/CM, formally tells the proposer to proceed to Phase Two. Depending on the circumstances, the request may include the following:

- > A summary of Phase I Project Evaluation;
- > A description of the request for additional information process and purpose;
- > A description of the problem or opportunity being addressed;
- > Relevant background, context, parameters and policies;
- > Functional, technical and legal requirements;
- > Requests for other project related information related to scope, budget, schedule, personnel, risks, data, performance measurement, potential impacts, etc.;
- > Requests for specific modifications or clarifications to the scope of the original proposal.

Metro may, at its sole discretion and with the participation of V/CM, may invite the proposer(s) to present to the review team, ask and answer questions of the review team, and discuss the proposal and context with the review team.

Processing

Once the detailed proposal is received, the OEI staff will keep and share with V/CM, a record of the persons on the evaluation team and record the final disposition of the proposal. Outside advisors will be consulted only if the Metro evaluation team deems it necessary and beneficial.

Content – Detailed Proposal

In addition to the information provided in Phase One, a detailed proposal must, at a minimum, include the following information.

Technical information:

- i. Names and professional information of the proposer's key personnel who would be committed to the project;
- ii. Type of support needed from Metro; e.g., facilities, equipment, materials, or personnel resources; and
- iii. Type of support being provided by the proposer;
- iv. A sufficiently detailed description of the scope of work being offered to allow Metro to evaluate the value received for the price proposed;
- v. Proposed price or total estimated cost for the effort and/or the revenue generated in sufficient detail for meaningful evaluation and cost analysis, including an annual cash flow for the project and annual or future costs to operate and maintain;
- vi. A schedule for the implementation, including specific details for any property and/or services to be provided by Metro; and
- vii. Proposed duration of effort.

Supporting information:

- i. Type of contract being sought by the proposer (the final determination on type of contract shall be made by Metro, should Metro decide to proceed with a contract);
- ii. Description of the proposer's organization, previous experience in the field, and facilities to be used;
- iii. Required statements and disclosures, if applicable, about organizational conflicts of interest and environmental impacts; and
- iv. Information, in the form of Metro's Pre-Qualification Application (see Exhibits D & E) demonstrating to Metro that the proposer has the necessary financial resources to complete the project, as determined by Metro and OEI staff. Such information may include (i) financial statements, including an Auditor's Report Letter or an Accountant's Review Letter, Balance Sheets, Statements of Income and Stockholder's Equity, and a Statement of Change in Financial Position; (ii) un-audited balance sheets; (iii) names of banks or other financial institutions with which the proposer conducts business; and (iv) letter of credit commitments.

Evaluation – Detailed Proposal

Detailed proposals will be evaluated promptly, at a minimum in accordance with the criteria set out in this section, as well as any other evaluation criteria identified in the Request for Detailed Proposal.

Threshold Review: Before initiating a comprehensive evaluation, the Metro V/CM staff in coordination with OEI, will determine if the detailed proposal continues to meet the threshold requirements set out in Phase One and the requirements specifically set out in the Request for Detailed Proposal.

Evaluation Criteria: At Phase Two, the evaluation team will confirm the proposal meets the same evaluation criteria set forth in Phase One, in addition to the following minimum factors, and any additional criteria set out in the Request for Detailed Proposal:

- i. The proposer's capabilities, related experience, facilities, techniques, or unique combinations of these which are integral factors for achieving the proposal objectives;
- ii. The proposer's financial capacity to deliver the goods or services defined in the proposal;
- iii. Viability of the proposed schedule and Metro's ability to meet activities required;
- iv. Metro's capacity to enter into a contract under its current debt authorization;
- v. The qualifications, capabilities and experience of key personnel who are critical in achieving the proposal objectives;
- vi. The relative costs and benefits of the proposal with respect to improving mobility and accessibility in LA County;
- vii. The specific details of the cost/revenue generated; and
- viii. Any other factors appropriate for the particular proposal.

Recommendation

The evaluation team will make a recommendation on the disposition of the detailed proposal to Metro's Chief Executive Officer for review and approval. If the Board of Directors' approval is required, the proposer will be notified of the date of the meeting when the proposal will be discussed.

Full and Open Competition Requirements

Metro's receipt of an Unsolicited Proposal does not, by itself, justify a contract award without full and open competition. If the Unsolicited Proposal offers a proprietary concept that is essential to contract performance, it may be deemed a Sole Source (see section below). If not, Metro will pursue a competitive procurement, either through a formal solicitation or by the process outlined below. *See Unsolicited Proposal – Competitive Solicitation Process*.

Proof of Concept

Metro may, at its sole discretion, choose to work with an outside party to prove a concept as a means of better understanding an offering and its application and value to Metro, provided that the work is done at the expense of the outside party, and that the work is mutually agreed upon by Metro and the outside party.

Unsolicited Proposal – Sole Source Award

If it is impossible to describe the property or services offered without revealing proprietary information or disclosing the originality of thought or innovativeness of the property or services sought, as determined by Metro, Metro may make a sole source award, as provided in Metro's Sole Source Award Policy. A sole source award may not be based solely on the unique capability of the proposer to provide the specific property or services proposed.

Unsolicited Proposal – Competitive Solicitation Process

If the Unsolicited Proposal does not meet the criteria of a sole source award, before entering into a contract resulting from an Unsolicited Proposal, Metro will take the following steps. These steps could occur at any phase of the evaluation process, to be determined by the Metro V/CM and OEI staff.

- a. *Receipt:* Metro will publicize its receipt of the Unsolicited Proposal by posting on Metro's website for purchasing opportunities and advertise in the appropriate publications with general circulation, and in any other relevant trade publications that advertise contracting solicitations.
- b. Adequate Description: Metro's publication of its receipt of the Unsolicited Proposal will include an adequate description of the property or services offered without improperly disclosing proprietary information or disclosing the originality of thought or innovativeness of the property or services sought.
- c. *Interest in the Property or Services*: Metro also will publicize its interest in acquiring the property or services described in the proposal using the same or similar methods provided above.
- d. Adequate Opportunity to Compete: Metro will provide an adequate opportunity for interested parties to comment or submit competing proposals, and/or requests for an opportunity to respond within a time frame (minimum of 21 days) specified by Metro's V/CM staff.
- e. Contract Award Based on Proposals Received: Finally, Metro will publicize its intention to award a contract based on the Unsolicited Proposal or another proposal submitted in response to the publication using the same or similar methods provided above.

Contract Resulting from an Unsolicited Proposal

Nothing in this policy or otherwise requires Metro to act or enter into a contract based on an Unsolicited Proposal. Metro, at its sole discretion, may return and/or reject an Unsolicited Proposal at any time during the process.

Prerequisites to Contract Negotiation

The Metro Contracting Officer or other duly authorized Metro representative(s) may commence negotiations only after the following prerequisites have been met.

- i. An Unsolicited Proposal has received a favorable comprehensive evaluation, including in comparison to any proposals received following publication as provided in this policy;
- ii. The Metro technical office sponsoring the contract supports its recommendation, furnishes the necessary funds and provides a sole-source justification (if applicable); and
- iii. Metro CEO or Metro Board of Directors approves (if required).

General Proposal Requirements

Prohibition of Use of Confidential Information

If Metro's decision is to pursue a competitive procurement, Metro personnel shall not use any data, or any confidential patented, trademarked or copyrighted part of an Unsolicited Proposal, or confidential technical or financial proprietary information as the basis, or part of the basis, for a solicitation or in negotiations with any other firm, unless the proposer is notified of and agrees to the intended use. Concepts or ideas are not considered proprietary by Metro but specific implementing methodologies that are unique to the proposer will be recognized.

The V/CM staff shall place a cover sheet (attached as Exhibit B) on the proposal, unless the proposer clearly states in writing that no restrictions are imposed on the disclosure or use of the data contained in the proposal.

Public Records Act

Unsolicited Proposals are subject to the provisions of the California Public Records Act (California Code Government Code §6250 et seq.).

Public Contract Code Section 22164 provides that: information that is not otherwise a public record pursuant to the California Public Records Act (Chapter 3.5 (commencing with Section 6250) of Division 7 of Title I of the Government Code) shall not be open to public inspection. Any documents provided by the proposer to Metro marked "Trade Secret," "Confidential" or "Proprietary," or any financial records provided by the proposer to Metro, shall be clearly marked with the proposer's name. Metro will use its best efforts to inform the proposer of any request for any financial records or documents marked "Trade Secret," "Confidential" or "Proprietary" provided by proposers to Metro. Metro will not advise as to the nature or content of documents entitled to protection from disclosure under the California Public Records Act.

In the event of litigation concerning the disclosure of any records, Metro's sole involvement will be as a stakeholder, retaining the records until otherwise ordered by a court. The proposer, at its sole expense and risk, shall be fully responsible for any and all fees for prosecuting or defending any action concerning the records and shall indemnify and hold Metro harmless from all costs and expenses, including attorney's fees in connection with any such action.

Exhibit A

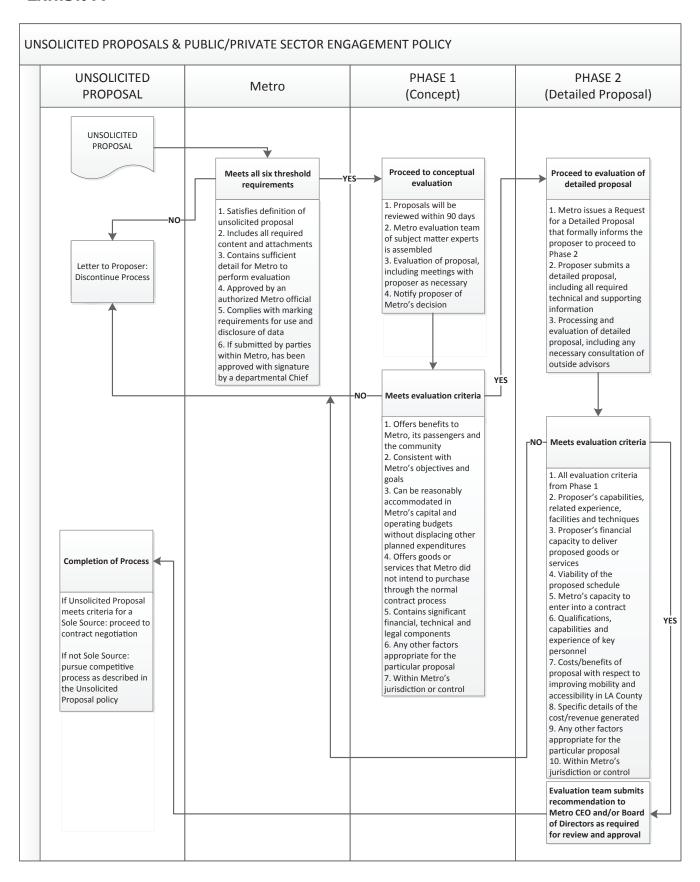

Exhibit B

UNSOLICTED PROPOSAL
USE OF DATA PRIOR TO CONTRACT IS PROHIBITED

All Metro personnel must exercise extreme care to ensure that the information in this proposal is not disclosed to an individual who has not been authorized access to such data and is not duplicated, used, or disclosed in whole or in part for any purpose other than evaluation of the proposal.

Exhibit C

UNSOLICITED PROPOSALS SUBMITTED TO METRO PHASE ONE: CONCEPTUAL PROPOSAL FORM

Phase One of Metro's Unsolicited Proposal process involves submitting this form. Submit only the information required by this form. If Metro determines that the proposal should proceed to Phase Two, Metro will issue a Request for Detailed Proposal.

PART 1: BASIC INFORMATION
Proposer Information:
Name:
Address:
Further contact information:
Type of organization:
Technical personnel names & contact information:
Business personnel names & contact information:
These individuals should be responsible for answering Metro's technical or business questions concerning the proposal or any subsequent agreement concerning the proposal.
PART 2: TECHNICAL INFORMATION Title of the proposal:
□ Abstract of the proposal is attached To move forward in the Unsolicited Proposal process, the abstract must include a brief – but complete – discussion of the following: 1. Objectives 2. Method of approach 3. Nature and extent of anticipated results; and 4. Manner in which the work will help support accomplishment of Metro's mission.
Technical expertise the proposer needs from Metro:
Revenue:
Be concise but provide sufficient detail for Metro to meaningfully evaluate the proposal.
Financial information the proposer needs from Metro:

PART 4: PROCEDURAL INFORMATION Period of time for which the proposal is valid:

Period of tir	ne for which the proposal is valid:
	Proprietary data has been submitted with this proposal and is deemed confidential by the proposer in the event of a request submitted to Metro under the California Open Records Act. Any proprietary data must be clearly designated. Other government entities or private parties have received this proposal. Please explain:
	Other government entities or private parties may provide funding for this proposal. Please explain:
	There are patents, copyrights and/or trademarks applicable to the goods or services proposed. Please explain:
	There is additional information not requested in this form that would allow Metro to evaluate this proposal at this conceptual phase. Describe:
PART 5: SIG	GNATURE
Name:	
Date:	
Title	

The individual who signs this form must be authorized to represent and contractually obligate the Proposer.

1

PRE-QUALIFICATION APPLICATION INSTRUCTIONS

- This is a Pre-Qualification Application for the Los Angeles County Metropolitan Transportation Authority (LACMTA). There are two different applications to be used for firms seeking contracts of \$100,000 or greater with the LACMTA.
- 2. Which application should you use? Use the <u>Construction Related Projects</u> application if you are a construction company that will be bidding on any type of construction work. Use the <u>Other than Construction Projects</u> application if you are an engineering firm, consultant, legal firm, product vendor, or other business entity seeking a contract with the LACMTA for the furnishing of goods or services.
- 3. The application should be completed by a person in the firm who is knowledgeable of and duly authorized to attest to the past and present operations of the firm and its policies. A corporate officer of the firm, owner or partner, as appropriate, must sign the Pre-Qualification Certification form (or Validation form if the firm is already approved).
- 4. All questions must be answered completely and any Yes answers must be fully explained. Disclaimers, general statements with global qualifications, or notations of Not Applicable (N/A) are not acceptable. Please note that a Yes answer to any question does not automatically result in denial of pre-qualification for a particular procurement.

DEFINITIONS

- 1. Affiliate is defined as any one of the following: (1) any Firm other than Applicant Firm which owns 25% or more of Applicant Firm, such as parent companies or holding companies; (2) a subsidiary or a Firm in which Applicant Firm owns 25% or more; (3) a Firm in which a major stockholder or owner of Applicant Firm owns controlling interest; (4) a Firm with which Applicant Firm has or has had an unseverable business or professional identity, and (5) any permanent or temporary common business enterprise relationship in which the parties share operating responsibility and profits such as joint ventures.
- 2. Key Person For purposes of pre-qualification a key person is (1) any person in Applicant Firm who owns 10% or more of the Firm and/or those who make decisions with respect to its operations, finances, or policies, such as the President, CEO, CFO, COO, and, in the case of partnerships, the General Partner(s); (2) Corporate Secretaries and Treasurers, as well as Directors, if they meet criteria #1, above; (3) Division or Regional Business Managers who operate away and independently from the Applicant Firm, but only if the division or regional office is bidding directly with the LACMTA.

APPLICATION SUBMITTAL

Do not submit applications with bid or proposal, mail or deliver them to:

LACMTA Pre-Qualification Office Mail Stop 99-9-1 One Gateway Plaza Los Angeles, CA 90012-2952

If you have questions, call the Pre-Qualification Office at (213) 922-4130.

IF YES TO ANY OF THE ABOVE, SUBMIT LIST OF CONTRIBUTIONS AND FULL DETAILS.

SECTION VII: ADDITIONAL DOCUMENTATION REQUIRED

Copies of the following documents are to be submitted with this application:

- 1. Applicant Firm's Current Local Business Licenses, if required by city, county or state, and
- 2. Applicant Firm's Financial Statements (see specific requirements below):
 - A. PUBLICLY TRADED COMPANIES: Financial information will be accessed on-line. However, if additional information is needed, it will be specifically requested from the firm.
 - B. NON-PUBLICLY TRADED COMPANIES WITH AUDITED OR REVIEWED FINANCIAL STATEMENTS: Statements, including balance sheet, statement of earnings and retained income, with footnotes, for the most recent three years.
 - C. NON-PUBLICLY TRADED COMPANIES WITHOUT AUDITED OR REVIEWED FINANCIAL STATEMENTS: Company generated financial statements, including balance sheet, statement of earnings and retained income for the most recent three years. The Chief Financial Officer of the corporation, a partner, or owner, as appropriate, must certify these financial statements.
 - D. SOLE PROPRIETORSHIPS: Refer to C. If financial statements are not generated, please fill out and sign the Financial Statement form (page 10). Submit one form for each of the most recent three years.

NOTE: The LACMTA reserves the right to ask for additional documentation if it is reasonably required to make a determination of integrity and responsibility relevant to the goods or services the Applicant Firm will provide to the LACMTA if awarded a contract.

Financial Statement

To be completed by Applicant Firms that do not produce company generated financial statements, including balance sheet, statement of earnings and retained income for the most recent three years (one sheet per year.)

PRO FORM 131 REVISION DATE: 11/20/07 **25** 

#### PRE-QUALIFICATION APPLICATION INSTRUCTIONS

- 1. This is a Pre-Qualification Application for the Los Angeles County Metropolitan Transportation Authority (LACMTA). There are two different applications to be used for firms seeking contracts of \$100,000 or greater with the LACMTA.
- 2. Which application should you use? Use the <u>Construction Related Projects</u> application if you are a construction company that will be bidding on any type of construction work. Use the <u>Other than Construction Projects</u> application if you are an engineering firm, consultant, legal firm, product vendor, or other business entity seeking a contract with LACMTA for the furnishing of goods or services.
- **3.** The application should be completed by a person in the firm who is knowledgeable of and duly authorized to attest to the past and present operations of the firm and its policies. A corporate officer of the firm, owner or partner, as appropriate, must sign the Pre-Qualification Certification form (or Validation form if the firm is already approved).
- **4.** All questions must be answered completely and any Yes answers must be fully explained. Disclaimers, general statements with global qualifications, or notations of Not Applicable (N/A) are not acceptable. Please note that a Yes answer to any question does not automatically result in denial of pre-qualification for a particular procurement.

#### **DEFINITIONS**

- 1. Affiliate is defined as any one of the following: (1) any Firm other than Applicant Firm which owns 25% or more of Applicant Firm, such as parent companies or holding companies; (2) a subsidiary or a Firm in which Applicant Firm owns 25% or more; (3) a Firm in which a major stockholder or owner of Applicant Firm owns controlling interest; (4) a Firm with which Applicant Firm has or has had an unseverable business or professional identity, and (5) any permanent or temporary common business enterprise relationship in which the parties share operating responsibility and profits such as joint ventures.
- 2. **Key Person** For purposes of pre-qualification a key person is (1) any person in Applicant Firm who owns 10% or more of the Firm and/or those who make decisions with respect to its operations, finances, or policies, such as the President, CEO, CFO, COO, and, in the case of partnerships, the General Partner(s); (2) Corporate Secretaries and Treasurers, as well as Directors, if they meet criteria #1, above; (3) Division or Regional Business Managers who operate away and independently from the Applicant Firm, but only if the division or regional office is bidding directly with the LACMTA.

#### SECTION VI: ADDITIONAL DOCUMENTATION REQUIRED

#### Copies of the following documents are to be submitted with this application:

- 1. Applicant Firm's Current Local Business Licenses, if required by city, county or state, and
- 2. Applicant Firm's Financial Statements (see specific requirements below):
  - A. PUBLICLY TRADED COMPANIES: Financial information will be accessed on-line. However, if additional information is needed, it will be specifically requested from the firm.
  - B. NON-PUBLICLY TRADED COMPANIES WITH AUDITED OR REVIEWED FINANCIAL STATEMENTS: Statements, including balance sheet, statement of earnings and retained income, with footnotes, for the most recent three years.
  - C. NON-PUBLICLY TRADED COMPANIES WITHOUT AUDITED OR REVIEWED FINANCIAL STATEMENTS: Company generated financial statements, including balance sheet, statement of earnings and retained income for the most recent three years. The Chief Financial Officer of the corporation, a partner, or owner, as appropriate, must certify these financial statements.
  - D. SOLE PROPRIETORSHIPS: Refer to C. If financial statements are not generated, please fill out and sign the Financial Statement form (page 9). Submit one form for each of the most recent three years.

NOTE: The LACMTA reserves the right to ask for additional documentation if it is reasonably required to make a determination of integrity and responsibility relevant to the goods or services the Applicant Firm will provide to the LACMTA if awarded a contract.

#### **Financial Statement**

To be completed by Applicant Firms that do not produce company generated financial statements, including balance sheet, statement of earnings and retained income for the most recent three years (one sheet per year.)

NOTICE TO APPLICANTS

A material false statement, omission or fraudulent inducement made in connection with this pre-qualification application is sufficient cause for denial of the application or revocation of a prior approval, thereby precluding the Applicant Firm from doing business with, or performing work for, the LACMTA, either as a vendor, prime contractor, subcontractor, consultant or sub-consultant for a period of three years. In addition, such false submission may subject the person and/or entity making the false statement to criminal charges. (Title 18 USC 1001, false statements; California Penal Code Section 132, offering altered or antedated or forged documents or records; and Section 134, preparing false documentary evidence).

NOTE: Applicant information submitted to the LACMTA in connection with pre-qualification is considered confidential. All such applicant information is confidential business information and will be afforded protection to the fullest extent permitted by law.

Validation Submittal

Do not submit validations with bid or proposal, mail or deliver them to:

LACMTA Pre-Qualification Office Mail Stop 99-9-1 One Gateway Plaza Los Angeles, CA 90012-2952 LOS ANGELES COUNTY METROPOLITAN TRANSPORTATION AUTHORITY (METRO)
JOINT DEVELOPMENT (JD) UNSOLICITED PROPOSALS POLICY AND PROCESS

1. Definition of Unsolicited Proposal for Joint Development

An unsolicited proposal ("Unsolicited Proposal" or "proposal") is a written proposal that is submitted to Metro on the initiative of a prospective offeror (organizations or individuals) ("Offeror") for the purpose of developing a partnership that is not in response to a formal or informal request issued by Metro. For the purposes of the Unsolicited Proposals & Public/Private Sector Engagement Policy ("UP Policy"), as well as the Metro Joint Development Program: Policies and Process document ("JD Policy"), a Joint Development ("JD") Unsolicited Proposal would seek the right to develop or improve property owned by Metro.

A valid Unsolicited Proposal must:

- a. Be innovative and unique, offering a development proposal with unique characteristics or benefits;
- b. Be independently originated and developed by the Offeror;
- c. Be prepared without Metro's supervision, endorsement, direction, or direct involvement;
- d. Be sufficiently detailed that its benefits in support of Metro's mission and responsibilities are apparent;
- e. Not be an advance proposal for property development that Metro could acquire through competitive methods;
- f. Not be an offer responding to Metro's previously published expression of need or request for Joint Development proposals.

The Unsolicited Proposal is submitted by the Offeror with the objective of obtaining an Exclusive Negotiation Agreement and Planning Document (ENA) with Metro. (See Section 2 of this JD UP Policy for expected contents of Unsolicited Proposals).

Note that Unsolicited Proposals for all other Metro services, programs or efforts should follow the guidance in Metro's Unsolicited Proposals & Public/Private Sector Engagement Policy (as opposed to this JD UP Policy).

2. Submission Process and Evaluation

Similar to the UP Policy, all JD Unsolicited Proposals shall be submitted to the Metro Vendor / Contract Management (V/CM) office, which will log the proposal and within three business days, officially transfer it to the Joint Development Team for evaluation of technical and/or financial merit.

Metro receives and evaluates Unsolicited Proposals using a two-phased approach, followed by any publication requirements as described below. Phase One includes a basic threshold review and evaluation of conceptual proposals. Conceptual proposals will be reviewed within 60 days of receipt, at which time a determination will be made as to whether to request additional and detailed information in Phase Two. If a Proposer is requested to submit information for Phase Two and the project proceeds beyond Phase Two, Metro's procurement policies and procedures will apply. This process is described further below. Metro may, at any time, choose not to proceed further with any Unsolicited Proposal.

A. Phase One – Conceptual Proposal

The purpose of Phase One is for Metro to receive written, concept-level proposals and to screen those proposals to determine whether to request additional and detailed information in Phase Two.

- 1) Threshold Review
 - Upon receipt of a conceptual proposal, Metro V/CM staff will take the following steps:
 - a. Promptly acknowledge receipt of the proposal (letter to Offeror); and
 - b. Determine whether the proposal meets the threshold requirements of a ID Unsolicited Proposal.

Before initiating a Phase One evaluation, the Metro JD Team, in cooperation with V/CM staff, will determine if the conceptual proposal meets the following threshold requirements:

- a. Satisfies and meets the elements of a JD Unsolicited Proposal as defined in Section 1 of this JD UP Policy;
- b. Contains sufficient technical and cost information to permit a meaningful evaluation (see Conceptual Proposal Requirements below);
- c. Has been approved by an authorized representative of the Offeror or a person authorized to contractually obligate the Offeror;
- d. Includes a general project concept that meets Metro and JD objectives as stated in the JD Policy; and
- e. Complies with the marking requirements for use and disclosure of data.

If the JD Conceptual Proposal does not meet the preliminary requirements above, the Offeror may be given the opportunity to provide the required data and/or may be advised that Metro is not interested in pursuing further action with respect to the proposal.

If the proposal meets the threshold requirements, Metro V/CM and JD staff will take the following steps:

- a. V/CM: Log the proposal and assign it a number;
- b. V/CM: Officially transfer the proposal to JD staff;
- c. JD and V/CM: Set and notify the Offeror of the schedule for internal evaluation;
- d. JD: Assemble an evaluation team that includes a V/CM staff member, as well as technical and financial subject-matter experts related to the JD Unsolicited Proposal;
- e. JD: Facilitate the evaluation process as needed;
- f. V/CM: If the evaluation team deems necessary, V/CM will issue a written request for clarification to the Offeror;
- g. JD: Conduct outreach to impacted stakeholders as needed; and
- h. JD and V/CM: Notify the Office of the CEO and then the Offeror of Metro's decision. The possible outcomes may be to discontinue the process, proceed to Phase Two, or pursue a competitive procurement. JD staff will provide a general explanation of the reasons for the decision.

UPDATED MAY 2018

- Content Conceptual Proposal
 Conceptual proposals should include the information identified in the Conceptual Proposal
 Form (Exhibit 2 to this JD UP Policy).
- 3) Evaluation Conceptual Proposal Once it is determined that the JD Conceptual Proposal is complete and is determined to be a project of interest to Metro, the proposal will be evaluated promptly in accordance with the criteria set out in this section.
- 4) Consideration of an Unsolicited Conceptual Proposal An Unsolicited Proposal is more likely to be considered for further action if the Unsolicited Proposal is (1) adjacent to a Metro property that is small or constrained by transit infrastructure or other nearby development; and/or (2) from an adjacent landowner(s) (or Offeror with site control of adjacent properties) that make the Metro site feasible for development or better able to achieve Metro's Transit Oriented Communities objectives. Other criteria for consideration of the proposal will include but is not limited to:
 - a. It offers an added benefit, beyond the proposed development, that Metro had either not planned for or had considered but had not budgeted for, such as a transit improvement or an expansion of transit services;
 - b. It provides public improvements that support active transportation (beyond what would be required in a regular development process);
 - c. The Offeror is, or has partnered with, a community-based organization with a track record of community engagement, investment and provision of services within the community where the proposed project is located;
 - d. It includes uses that provide significant community benefit or meet desired community uses. The proposed benefit or uses should be documented by a recent (within five years) plan a land use plan, vision plan, or other study or report that cites the need for the proposed use;
 - e. The Offeror (and/or Offeror's development team) shows a clear commitment to a robust community engagement process in the further development of their project plans; and
 - f. It includes unique or innovative methods, approaches, financing mechanism or an idea that have originated with or are assembled by the Offeror.
 - During this Phase One evaluation, the process may include review of the technical proposal by a financial consultant, as well as an urban design/architectural consultant. During the evaluation process, the Offeror(s) will have no interaction with the evaluation team. If Metro desires to proceed to Phase Two, Metro V/CM will issue a Request for a Detailed Proposal that formally invites the Offeror to submit a Phase Two proposal. This request will include expected timelines for submission and evaluation, and offer the opportunity to request a meeting with Metro staff. A copy of Metro's standard Exclusive Negotiation Agreement and Planning Document (ENA) will also be provided.
- 5) Rejection of an Unsolicited Conceptual Proposal Metro shall return an Unsolicited Proposal to an Offeror, citing reasons, when its substance meets any of the following criteria:

- a. It is available to Metro without restriction from another source:
- b. It closely resembles a pending competitive requirement; or
- c. It does not demonstrate an innovative and unique method, approach, or concept, or if it does, another method, approach, or concept may be available to Metro on the basis of competitive proposals.

If it is determined that the proposal is unacceptable, the proposal shall be returned to the Offeror together with the reasons for the return.

B. Phase Two - Detailed Proposal

The purpose of Phase Two is for Metro to receive more detailed technical and financial information to fully understand and evaluate the proposal. At the conclusion of this phase, Metro will decide whether to forego the proposal, to proceed to a sole source agreement, or to pursue a competitive solicitation.

- 1) Content Detailed Proposal

 Phase Two of the JD Unsolicited Proposal should contain the following information in order to permit consideration in an objective and timely manner.
 - a. Basic Information. Identify the legal entity that would serve as the principal in the proposed development and indicate the type of entity (e.g. for-profit, non-profit, LLC, etc.); provide names, telephone numbers and email addresses of the Offeror's technical and business personnel whom Metro may contact for evaluation or negotiation purposes; indicate the date of submission and the period of time for which the proposal is valid (a minimum of six months is suggested); ensure the proposal is signed by a responsible official or representative of the Offeror, or a person authorized to contractually obligate the Offeror.
 - b. Project Description and Development Program. This includes a concise title and description of the proposed project (approximately 200 words); a clear description of the proposed development program (square footage for each use, including open space and parking); description of community benefits associated with the project, such as affordable housing, open space or plazas, new community-serving amenities, etc.; description of how the proposed project interfaces with the transit facility (if applicable) and the active transportation environment within the community.
 - c. Development Team. Include a list of key team members and their particular role in the project. Provide a brief history of the experience of key team members, focused only on related project work.
 - d. Preliminary Design Concept. Include site plans, site sections, circulation/public realm plan, program/use diagrams and renderings consistent with the project description and development program.
 - e. Community Engagement. Describe the proposed community engagement process for the project, and any community engagement that may have occurred leading up to the Unsolicited Proposal.
 - f. Development Proforma. Provide a predevelopment budget, development budget, 15-year operating proforma and capital structure. Provide a financing plan that clearly indicates anticipated funding sources, both debt and equity. Describe proposed funding of transit improvements as may be contemplated in the Offeror's plans.

- g. Offeror's Financing Capacity. Submit information that fully demonstrates the team's financial capacity and readiness to develop the proposed project. This includes a demonstrated track record in structuring public/private partnerships (if this model is applicable to the proposal), relationships with financial institutions and access to predevelopment funding. To demonstrate this capacity, provide three examples of transactions the team has completed in the last 10 years that are similar/relevant to the proposed project. For these examples: (1) Indicate the sources and uses of both debt and equity financing for each component of the project; (2) Describe experience with public financing sources (if applicable to the proposed project), such as the Economic Development Administration, New Markets Tax Credits, US Department of Housing and Urban Development Financing, etc; and (3) Provide any other relevant information that demonstrates capacity to structure and finance the proposed project.
- h. Development Timeline. Provide a timeline for the entitlement and completion of development, noting community engagement efforts. If applicable, note how access to transit facilities would be maintained during construction.
- i. Financial Offer to Metro. It is in the best interest of Offerors to submit their best financial offer. Describe areas to be ground-leased and associated square footages; include length of lease, base and percentage rents and the basis of periodic escalations and adjustments. Regardless of the proposed ground lease structure, Metro expects to receive a fair market value (FMV) rent for the project site. To the extent that a discounted FMV is being requested, pursuant to the JD Policy's allowance for affordable housing, the discount must be to reduce a justified financial "gap" in the overall project pro forma. State any offer of participation in a percentage rent of gross revenue from all income-producing land uses. Metro requires a \$50,000 ENA Fee. Annual holding rent as a percent of annual base rent for each development phase according to a predetermined schedule, until the start of construction is also required. Metro requires an annual construction rent as a percent of annual base rent for the period of time that the project is under construction until such time as the permanent base rent commences. State any offer of participation in sale or refinancing proceeds.
- j. ENA. If the Offeror desires any modifications to the standard ENA, this request should be included in the Phase Two submission.
- k. Proprietary Data. Identify any proprietary data which the Offeror intends to be used by Metro only for evaluation purposes (see Section 5 below).
- 2) Evaluation Criteria Detailed Proposal Before initiating a comprehensive evaluation, Metro V/CM staff in coordination with JD staff, will determine if the detailed proposal continues to meet the threshold requirements set out in Phase One and the requirements specifically set out in the Request for Detailed Proposal. In addition the following minimum factors will be considered:
 - a. Qualifications, related experience or unique combination of those, of the Offeror;
 - b. The qualifications, capabilities and experience of the proposal team leader or key personnel who are critical to achieving the proposal objectives;
 - c. Integration with transit facilities and active transportation infrastructure;
 - d. Opportunity for transit improvements associated with the proposal;

- e. Economic and regulatory feasibility of the proposed project;
- f. Quality of design;
- g. Provision of community benefits;
- h. Inclusion of SBE/DBE/DVBE and CBOs on project team;
- i. The proposal offers innovative and unique characteristics;
- j. Financial offer; and
- k. Any other factors appropriate for the particular proposal.
- 3) Evaluation Process Detailed Proposal

Detailed proposals will be evaluated promptly, at a minimum in accordance with the criteria set out in this section, as well as any other evaluation criteria identified in the Request for Detailed Proposal. Outside advisors will be consulted if the Metro evaluation team deems it necessary and beneficial. The evaluation team may also request clarification, which V/CM will submit in writing to the Offeror.

Upon completion of the Phase Two evaluation, JD staff will keep and share with V/CM, a record of the persons on the evaluation team and record the final recommendation for the proposal. If the evaluation team determines that the Phase Two proposal is unacceptable, the proposal shall be returned to the Offeror together with the reasons for the return. If Metro determines that the Phase Two proposal should continue in the process, JD staff will prepare a memo to the CEO summarizing the evaluation results and recommending the appropriate further action. Section 3 below describes the next steps.

3. Full and Open Competition / Stakeholder Outreach / Final Recommendations

A. Full and Open Competition

Metro's receipt of an Unsolicited Proposal does not, by itself, justify a contract award without full and open competition. If the Unsolicited Proposal offers a proprietary concept that is essential to contract performance, it will be deemed a Sole Source (see section below). If not, Metro will respond to the Unsolicited Proposal by following federal procurement guidelines for competitive procurement. In addition, Metro is committed to engaging stakeholders in the JD Process. For JD Unsolicited Proposals that have been recommended to move beyond Phase Two, Metro will take the following steps.

- 1) Unsolicited Proposal Sole Source Award: If it is impossible to describe the property or services offered without revealing proprietary information or disclosing the originality of thought or innovativeness of the property or services sought, as determined by Metro, Metro may make a sole source award, as provided in Metro's Sole Source Award Policy. A sole source award may not be based solely on the unique capability of the Offeror to provide the specific property or services proposed.
- 2) Unsolicited Proposal Competitive Solicitation Process: If the Unsolicited Proposal is not determined to be a sole source, Metro staff will notify the Board of Directors and the Offeror before publishing the Unsolicited Proposal in accordance with guidance from FTA Circular 4220.1.F, as it may be amended from time to time:
 - a. Publicize the Unsolicited Proposal. The publication shall follow Metro's standard procurement practices (as established by Metro Vendor/Contract Management

Department) and shall clearly state that Metro received the Unsolicited Proposal, and provide an adequate description of the proposal, without improperly disclosing proprietary information or disclosing the originality of thought or innovation of the proposal.

- b. Interest in the Property or Services. The publication shall make clear Metro's interest in the specifics of the proposed project.
- c. Adequate Opportunity to Compete and/or Submit Comments. Provide an adequate opportunity for interested parties to comment or submit competing proposals. In most instances, the Unsolicited Proposal will be posted for 30 days.
- d. Contract Award Based on Proposals Received. Publicize its intention to award a contract based on the Unsolicited Proposal or another proposal submitted in response to the publication (provided that Metro reserves its right to take any of the actions set forth in Section 3C below).

The purpose of this publication process is to ascertain whether other parties may desire and be able to offer a project within a scope that is similar to that contemplated within the original Unsolicited Proposal. Metro's publication will give notice of the basic business elements of the original Unsolicited Proposal and inform interested parties that they may provide comment on the proposal or submit competing proposals within the comment/submission dates provided. The publication shall not disclose proprietary information as defined in Section 3A. The publication will instruct parties to follow the Phase One submission instructions and requirements.

Any proposals received, including the original Unsolicited Proposal, shall be evaluated based on the criteria listed in Section 2B above, as well as the objectives listed in the JD Policy. Metro will make clear the evaluation criteria prior to publicizing the Unsolicited Proposal.

There are four potential outcomes for this publication. These are described below in Section 3C.

B. Stakeholder Outreach

If Metro intends to move forward with the Unsolicited Proposal after the Phase Two evaluation, JD staff will conduct preliminary outreach to targeted stakeholders, including local elected officials, staff of municipalities where the subject property is located, and key community and business stakeholder groups. This outreach will be focused on informing stakeholders of the Unsolicited Proposal received and Metro's intended next steps – whether it is a Sole Source or the Competitive Procurement process.

C. Final Review and Recommendation

After posting ends, Metro staff will negotiate and make recommendations based on one of four scenarios:

- 1) Metro receives no additional proposals and decides to pursue the original Unsolicited Proposal. In this case, Metro may conduct a secondary review of the original Unsolicited Proposal and reserves the right to request additional material that will assist Metro in determining that the Offeror has the technical capability and financial resources to perform the contract and meet Metro's requirements for negotiating and executing an ENA. Once all evaluation is complete and ENA terms are negotiated, Metro staff may bring a recommendation forward to the Board of Directors to authorize execution of the ENA.
- 2) Metro receives additional proposals and desires to further evaluate and negotiate with one of the Offerors, be it the original Offeror or one of the new proposals received as a result of the publication.

New proposals will be evaluated in accordance with the Phase One evaluation process described in Section 2A. If a new Offeror is invited to submit a Phase Two proposal, they shall be granted the same period of time given to the original Offeror to submit a Phase Two proposal. The new Offeror shall be provided with the same information if any, as the original Offeror. Metro may also conduct a secondary review of the original proposal and reserves the right to request additional material that will assist Metro in determining that the Offeror has the technical capability and financial resources to perform the contract and meet Metro's requirements for negotiating and executing an ENA. Once all evaluation is complete Metro staff may proceed with negotiations with one of the new Offerors or the original Offeror and bring a recommendation forward to the Board of Directors to authorize execution of the ENA. Offerors will be notified of such decision and proposal materials returned.

- 3) Metro receives additional proposals and, based on this evidence of interest, determines that it is in Metro's best interest to conduct a full competitive procurement. In this case, all proposals received under this policy would be rejected and returned to the submitting parties and Metro shall inform all Offerors (including the original Offeror) of its intentions regarding a subsequent competitive solicitation process. The new solicitation process shall be conducted in accordance with the process set forth in the JD Policy.
- 4) Regardless of the number of proposals received, Metro may determine that it is in its best interests not to move forward with any proposal. All Offerors will be notified of such decision and proposal materials returned.

4. Submission Instructions and Time for Submission

JD Unsolicited Proposals shall be submitted to: Vendor/Contract Management Los Angeles County Metropolitan Transportation Authority One Gateway Plaza, 99-9-55 Los Angeles, CA 90012

Offeror shall submit four (4) hard copies of the proposal, along with an unalterable electronic version on CD or flash drive. Phase One proposals shall not exceed 15 pages. There are no page requirements on Phase Two submissions, but proposals should be reasonable in length to allow for a meaningful evaluation. Vendor / Contract Management shall log in receipt of the Unsolicited Proposal and provide written confirmation of receipt to the Offeror.

JD Unsolicited Proposals should be submitted well in advance of the Offeror's desired commencement of the proposed effort or activity in order to allow Metro sufficient time to evaluate the proposal, publicize it, and negotiate a contract if the proposal is accepted. Anticipate at least six months before any negotiation could begin.

5. General Requirements

A. Prohibition of Use of Confidential Information

If Metro's decision is to pursue a competitive procurement, Metro personnel shall not use any data, or any confidential patented, trademarked, or copyrighted part of an Unsolicited Proposal or confidential technical or financial proprietary information as the basis, or part of the basis, for a solicitation or in negotiations with any other firm, unless the Offeror is notified of and agrees to the intended use.

Concepts or ideas are not considered proprietary by Metro but specific implementing methodologies that are unique to the Offeror will be recognized.

V/CM staff shall place a cover sheet (attached as Exhibit 2) on the proposal, unless the Offeror clearly states in writing that no restrictions are imposed on the disclosure or use of the data contained in the proposal.

B. Public Records Act

Unsolicited Proposals are subject to the provisions of the California Public Records Act (California Code Government Code §6250 et seq.).

Public Contract Code Section 22164 provides that: information that is not otherwise a public record pursuant to the California Public Records Act (Chapter 3.5 (commencing with Section 6250) of Division 7 of Title I of the Government Code) shall not be open to public inspection. Any documents provided by the Offeror to Metro marked "Trade Secret," "Confidential" or "Proprietary," or any financial records provided by the Offeror to Metro, shall be clearly marked with the Offeror name. Metro will use its best efforts to inform the Offeror of any request for any financial records or documents marked "Trade Secret," "Confidential" or "Proprietary" provided by Offeror to Metro. Metro will not advise as to the nature or content of documents entitled to protection from disclosure under the California Public Records Act.

In the event of litigation concerning the disclosure of any records, Metro's sole involvement will be as a stakeholder, retaining the records until otherwise ordered by a court. The Offeror, at its sole expense and risk, shall be fully responsible for any and all fees for prosecuting or defending any action concerning the records and shall indemnify and hold Metro harmless from all costs and expenses including attorney's fees in connection with any such action.

JOINT DEVELOPMENT UNSOLICITED PROPOSALS SUBMITTED TO METRO PHASE ONE: CONCEPTUAL PROPOSAL FORM

Phase One of Metro's JD Unsolicited Proposal process involves submitting this form. Submit only the information required by this form. If Metro determines that the proposal should proceed to Phase Two, Metro will issue a Request for Detailed Proposal.

PART 1: BASIC INFORMATION
Proposer Information:
Name:
Address:
Type of organization:
Primary contact for the proposal:
Names of additional firms/partners in the proposal:
Technical personnel names & contact information for each firm involved*:
These individuals should be responsible for answering Metro's technical or business questions concerning the proposal or any subsequent agreement concerning the proposal.
PART 2: TECHNICAL INFORMATION
Title of the proposal:
□ Abstract of the proposal is attached
To move forward in the Unsolicited Proposal process, the Abstract must include a brief – but complete – discussion of the following: 1. Proposal summary, including:
a. Vision for the projectb. Program for proposed project and proposed uses of Metro-owned property
2. Brief summary of the experience of the proposal team with similar/relevant projects
3. A justification for the Unsolicited Proposal Approach (see Section 2A of the JD UP Policy)
4. Manner in which the work will help support accomplishment of Metro's TOC mission.
5. Specific Access/Property Rights the Offeror needs from Metro (i.e. Long Term Ground
Lease, sale of property, etc.). Note if there are several options.
PART 3: FINANCIAL INFORMATION
Proposed price or total estimated cost, in the form of a Sources and Uses Table:

Public funding anticipated for the project, if any:		
Description of financing capacity – briefly describe current relationships with debt and equity providers that demonstrate the team's capacity to finance the proposed project:		
Be concise b	ut provide sufficient detail for Metro to meaningfully evaluate the proposal.	
PART 4: PRO	CEDURAL INFORMATION	
Period of ti	me for which the proposal is valid:	
	Proprietary data has been submitted with this proposal and is deemed confidential by the Offeror in the event of a request submitted to Metro under the California Open Records Act. Any proprietary data must be clearly designated. Other government entities or private parties have received this proposal. Please explain: There are patents, copyrights and/or trademarks applicable to the project or services proposed.	
	Please explain: There is additional information not requested in this form that would allow Metro to evaluate this proposal at this conceptual phase. Describe:	
	NATURE	

The individual who signs this form must be authorized to represent and contractually obligate the Offereror.

Board Report

Los Angeles County
Metropolitan Transportation
Authority
One Gateway Plaza
3rd Floor Board Room
Los Angeles, CA

Agenda Number: 39.

REVISED REGULAR BOARD MEETING MARCH 28, 2024

Motion by:

DIRECTORS YAROSLAVSKY, BASS, KREKORIAN, NAJARIAN, AND HORVATH

Unsolicited Proposals Policy Motion

In 2015, as part of the duties of the recently created Office of Extraordinary Innovation, <u>currently known as the Office of Strategic Innovation</u>, Metro initiated an Unsolicited Proposal Policy, described at the time as the centerpiece of the Office of Extraordinary Innovation's work program. It was intended to catalyze ideas to accelerate the expected future Measure M projects by bringing forward financing strategies, alternative approaches, and superior technical concepts.

Since its inception, Metro has received dozens of unsolicited proposals, with successful proposals influencing \$15 billion worth of Metro projects. A set of staff-level revisions have been made to improve the process for both internal and external parties.

In the nine years since the development of the Unsolicited Proposal Policy, Metro has established the Office of Equity and Race, substantially increased its climate and sustainability ambitions, and experienced major impacts to its normal course of conducting business. Additionally, there is a need to determine if the public interest and Metro's core mission and priorities are being served by individual proposals and develop metrics to that effect. Given Metro's recently adopted policy and operational shifts and the upcoming 2028 Olympics and Paralympic Games, the Unsolicited Proposal Policy should be revisited and updated.

SUBJECT: UNSOLICITED PROPOSALS POLICY MOTION

File #: 2024-0208, File Type: Motion / Motion Response

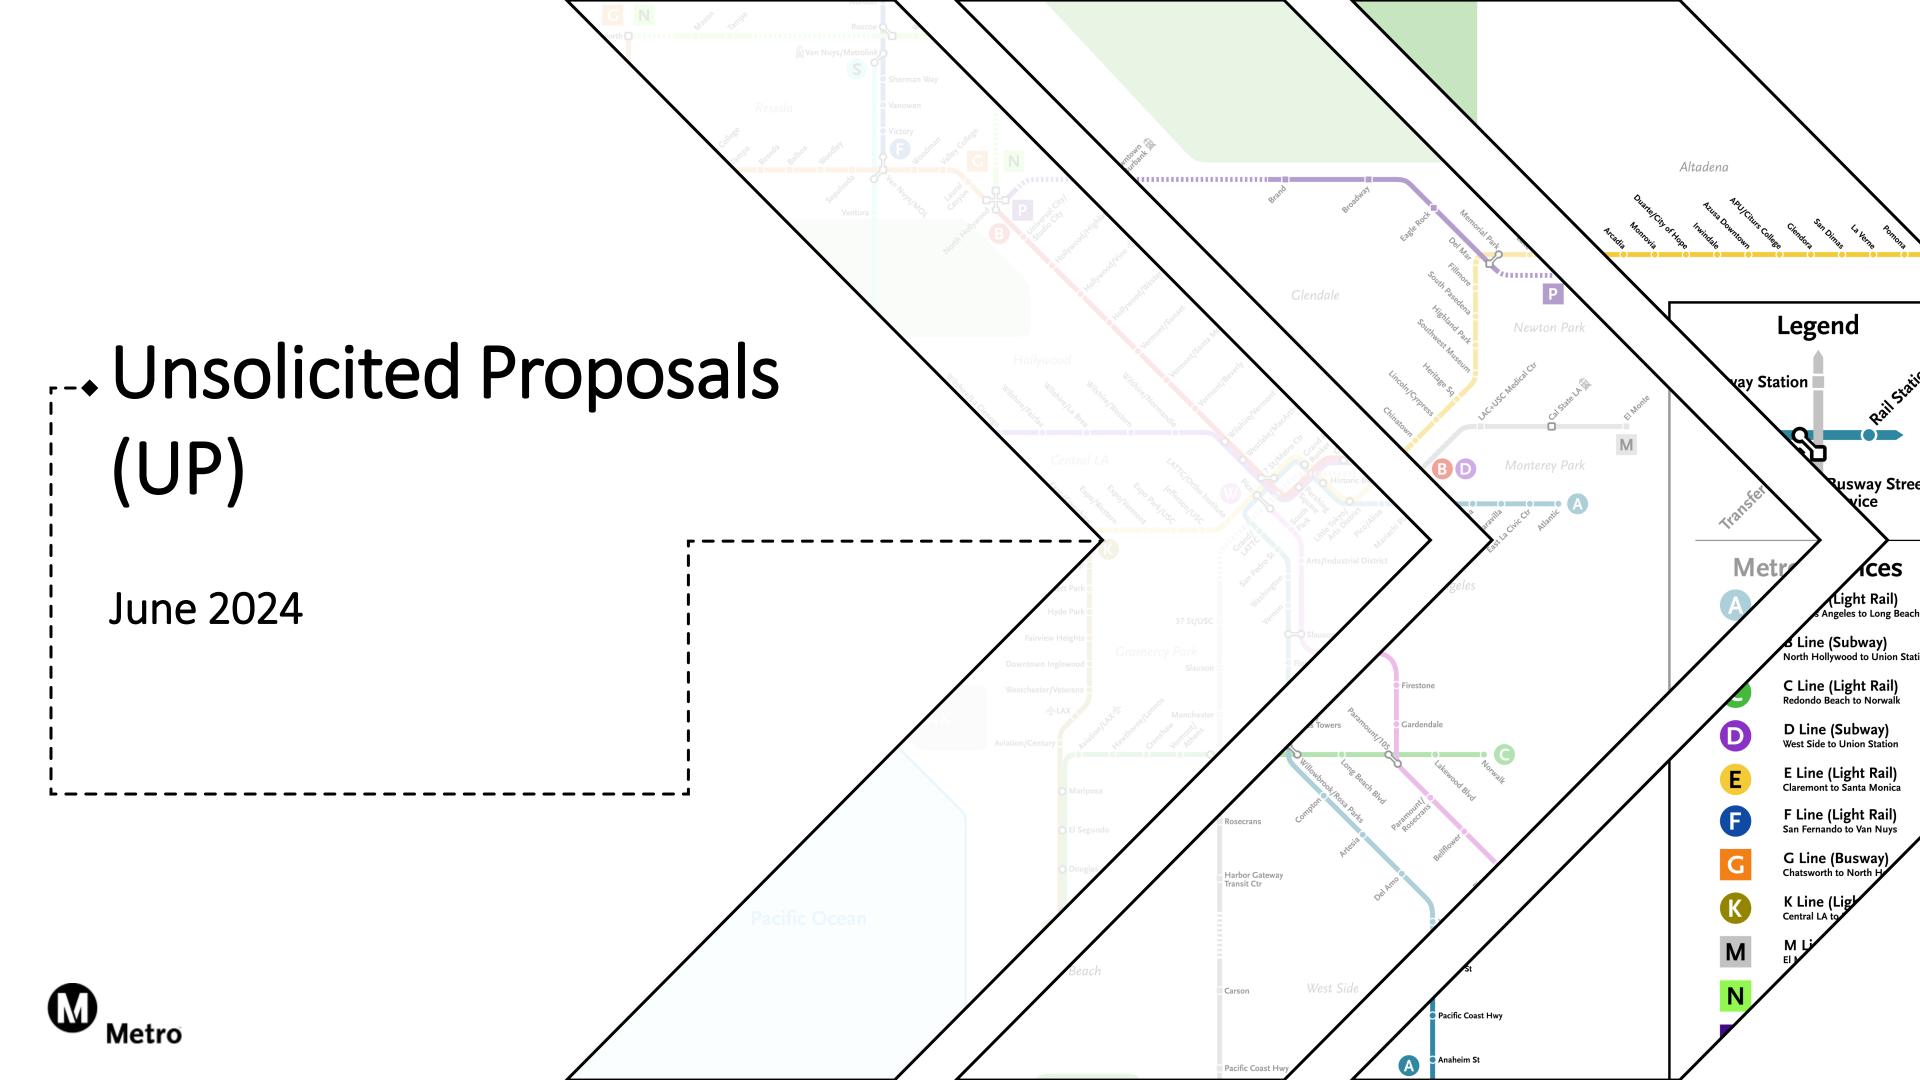

RECOMMENDATION

APPROVE Motion by Directors Yaroslavsky, Bass, Krekorian, Najarian, and Horvath that the Board direct the Chief Executive Officer to:

Report back to the Board by June 2024 with a comprehensive review of the Unsolicited Proposal Policy and recommendations for changes to the Policy that include, but are not limited to:

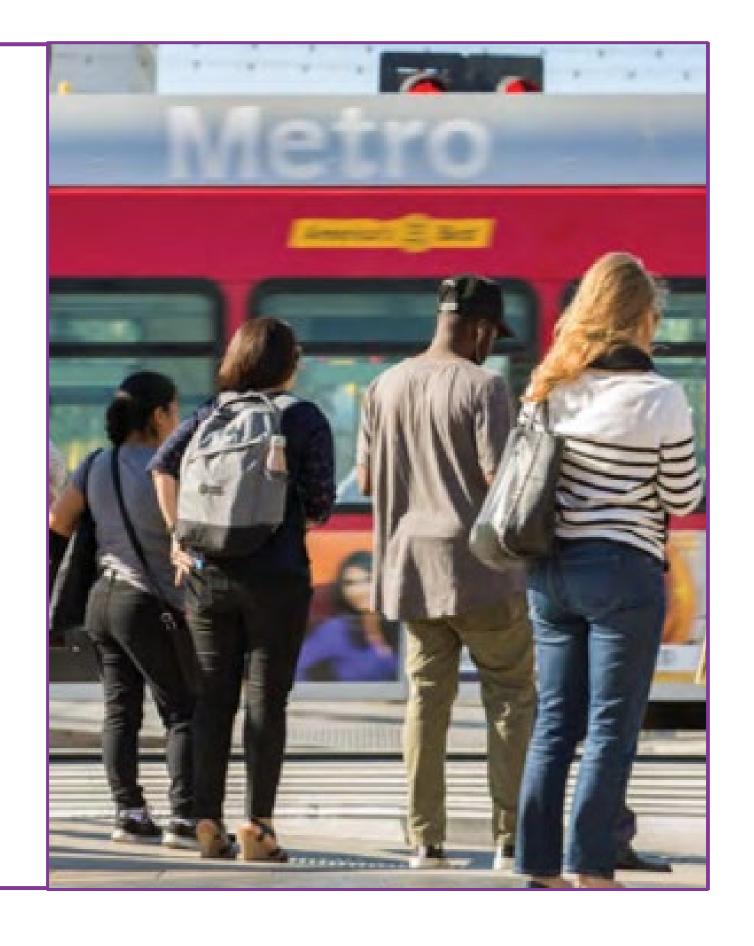

A. More direct integration of Metro's core mission and priorities;

- B. The advancement of Metro's sustainability and equity goals;
- C. <u>Establishment of a phased review process for</u> Board consideration of unsolicited proposals including the establishment of a timeline review and approval process for Board consideration prior to the execution of a contract, regardless of whether Metro capital or operational funding is proposed to be utilized;
- D. Strengthened community-focused transparency and engagement;
- E. Identify work streams that could be better suited to be accomplished by third-parties to reduce Metro staff time;
- F. A status on the implementation and effectiveness of the previously developed recommendations from Metro's September 2021 Unsolicited Proposal Five Year Review; and
- G. The feasibility of prioritizing proposals that accelerate Metro's ability to deliver transit and mobility projects and programs for the 2028 Olympic and Paralympic Games as well as the projects included in the Measure R and Measure M Expenditure Plans.

Background

- Active Policy since 2016
- 286 Proposals received to date
 - 34 proposals advanced to implementation
 - 22 unique projects
 - 13 no-cost-to-Metro Proofs of Concept
- Five Year Review of UPs released in 2021 with eight recommendations for the future of UPs
- UP Policy does not obligate Metro to act on proposals

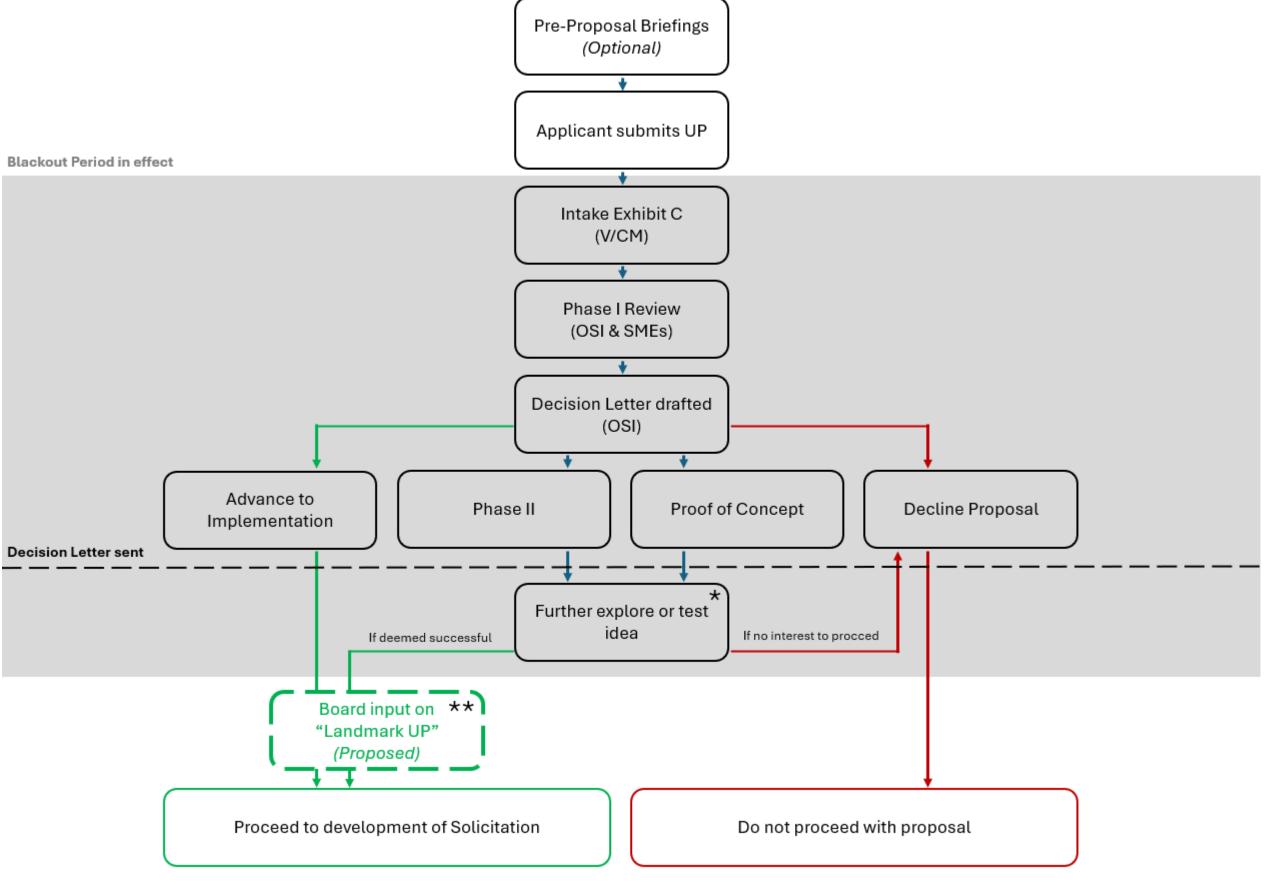

Staff Recommendations

- Add the following fields on the Exhibit C intake form for proposers to give the following information:
 - How the proposal intersects with Metro's Equity and Sustainability values;
 - How the proposal intersects with the 2028 Games Mobility Concept Plan;
 - How the proposal intersects with Measure R and M Expenditure Plans;
 - How the proposal intersects with plans published by Metro that set agency and department priorities.
- Proposals that address projects listed in the 2028 Mobility Concept Plan, Measure R and/or M Expenditure Plans, or identified
 as a priority in published departmental plans will be prioritized in the Unsolicited Proposal review queue.
- Include Equity as an evaluation criteria, including as a consideration in the Rapid Scoring Tool and staff evaluation form.
 Include Sustainability as a consideration in the evaluation form for an Unsolicited Proposal;
- Provide quarterly updates to the Board on Decision Letters issued on Phase 1 and Phase 2 milestones that are out of the blackout period;
- Formalize process to receive Board approval on "Landmark" Unsolicited Proposals after a proposal is advanced to implementation and meet or exceed at least one of the following thresholds:
 - Introduces a new mode of mobility and requires Metro funding, project management, and/or calls for Metro to serve as lead agency in the development of an EIR/EIS; and/or
 - Requires Metro to allocate more than \$10 million to fulfill a solicitation
- Include staff from Metro's Community Relations team on landmark proposal reviews and notify Metro Board on engagement best practices to inform approval.

Proposed Process

Process Flowchart with Option

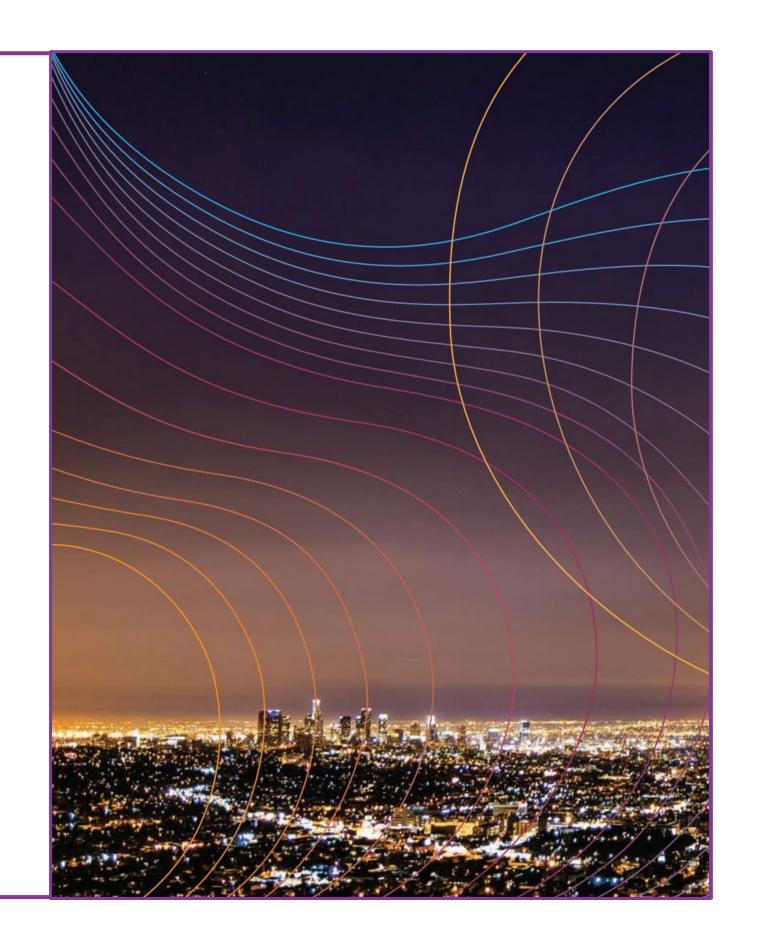

^{★★} PROPOSED STEP. Board will give input only in Advance to Implementation cases where proposals meet the Project Type & Cost threshold criteria outlined in Discussion section of Board Report 2024-0247 for "Landmark" Unsolicited Proposals

Maintaining the Blackout Period

- Metro staff currently maintain a blackout period during a review
- UP Policy maintains consistent standard with CPUC mandated procurement blackout rules
 - CPUC Sections 130680 and 130685
- Recommended Board proposal approval process (if applicable) would apply after a review

Next Steps -

- Incorporate Recommendations in Board Report (upon approval)
- Publish revised Unsolicited Proposals Policy on Metro's website
- Update website and FAQ document
- Draft Innovation Portfolio and Proof of Concept Best Practices Guide
