ALL Open Indemnity Claims (by reporting and by year) reported and with claims: Annual Report SIP Detail report 2025.pdf

Dual Jurisdiction Claims

Please note that California Labor Code Section 3702.2(b) requires that "... the annual report of a self-insured employer who has self-insured both state and federal workers' compensation liability shall also be set forth (1) amount of all compensation liability incurred, paid-to-date, the estimated future liability under both this chapter and under the federal longshore and Harbor Worker's Compensation Act (33 U.S.C Sec. 901 et seq.), and (2) the identity and the amount of the security deposit securing the employer's liability under state and federal self-insured programs."

Accordingly, please indicate all California exposure on your Self Insurer's Annual Report, and, in addition identify each Claim with dual jurisdiction on Separate List of Open Idemnity Claims. For those claims, indicate the incurred, paid-to-date, and estimated future liabilities for federal exposure. Please also indicate the amount and the type of security deposit securing those claims.

Instructions To Claims Administrator For Specific Excess Insurance

The TPA should provide a sum of the unpaid excess carrier excess liability under "Calculation of Specific Excess Coverage Entry for the Annual Reports". In addition, provide a list of claims for which specific excess credit is being claimed. This may be provided as a spreadsheet. Indicate in the list of claims the following information:

The list shall include the name of the claimant, claim number, date of injury, description of injury, carrier name and policy number, policy coverage period, retention level of policy and paid to date in indemnity or medical benefits, and the estimated future liability of the claim minus the total unpaid employer retention, which equals the total unpaid carrier liability, whether the claim has been reported to a carrier, if the claim has been accepted by the carrier, if the carrier has denied any part of the liability of the claim.

Refer to OSIP website for sample format of the Excess Credit Calculation form.

Calculation Of Specific Excess Coverage Entry For Annual Reports:

Enter the sum of the total unpaid carrier excess liability claimed from the "Specific Excess Insurance Policy Coverage". If none enter "0".
