METROPOLITAN TRANSPORTATION AUTHORITY BOARD RULES
(ALSO APPLIES TO BOARD COMMITTEES)

PUBLIC INPUT

A member of the public may address the Board on agenda items, before or during the Board or Committee's consideration of the item for one (1) minute per item, or at the discretion of the Chair. A request to address the Board must be submitted electronically using the tablets available in the Board Room lobby. Individuals requesting to speak will be allowed to speak for a total of three (3) minutes per meeting on agenda items in one minute increments per item. For individuals requiring translation service, time allowed will be doubled. The Board shall reserve the right to limit redundant or repetitive comment.

The public may also address the Board on non agenda items within the subject matter jurisdiction of the Board during the public comment period, which will be held at the beginning and/or end of each meeting. Each person will be allowed to speak for one (1) minute during this Public Comment period or at the discretion of the Chair. Speakers will be called according to the order in which their requests are submitted. Elected officials, not their staff or deputies, may be called out of order and prior to the Board's consideration of the relevant item.

Notwithstanding the foregoing, and in accordance with the Brown Act, this agenda does not provide an opportunity for members of the public to address the Board on any Consent Calendar agenda item that has already been considered by a Committee, composed exclusively of members of the Board, at a public meeting wherein all interested members of the public were afforded the opportunity to address the Committee on the item, before or during the Committee's consideration of the item, and which has not been substantially changed since the Committee heard the item.

In accordance with State Law (Brown Act), all matters to be acted on by the MTA Board must be posted at least 72 hours prior to the Board meeting. In case of emergency, or when a subject matter arises subsequent to the posting of the agenda, upon making certain findings, the Board may act on an item that is not on the posted agenda.

CONDUCT IN THE BOARD ROOM - The following rules pertain to conduct at Metropolitan Transportation Authority meetings:

REMOVAL FROM THE BOARD ROOM The Chair shall order removed from the Board Room any person who commits the following acts with respect to any meeting of the MTA Board:

- a. Disorderly behavior toward the Board or any member of the staff thereof, tending to interrupt the due and orderly course of said meeting.
- b. A breach of the peace, boisterous conduct or violent disturbance, tending to interrupt the due and orderly course of said meeting.
- c. Disobedience of any lawful order of the Chair, which shall include an order to be seated or to refrain from addressing the Board; and
- d. Any other unlawful interference with the due and orderly course of said meeting.

INFORMATION RELATING TO AGENDAS AND ACTIONS OF THE BOARD

Agendas for the Regular MTA Board meetings are prepared by the Board Secretary and are available prior to the meeting in the MTA Records Management Department and on the Internet. Every meeting of the MTA Board of Directors is recorded and is available at www.metro.net or on CD's and as MP3's for a nominal charge.

DISCLOSURE OF CONTRIBUTIONS

The State Political Reform Act (Government Code Section 84308) requires that a party to a proceeding before an agency involving a license, permit, or other entitlement for use, including all contracts (other than competitively bid, labor, or personal employment contracts), shall disclose on the record of the proceeding any contributions in an amount of more than \$250 made within the preceding 12 months by the party, or his or her agent, to any officer of the agency, additionally PUC Code Sec. 130051.20 requires that no member accept a contribution of over ten dollars (\$10) in value or amount from a construction company, engineering firm, consultant, legal firm, or any company, vendor, or business entity that has contracted with the authority in the preceding four years. Persons required to make this disclosure shall do so by filling out a "Disclosure of Contribution" form which is available at the LACMTA Board and Committee Meetings. Failure to comply with this requirement may result in the assessment of civil or criminal penalties.

ADA REQUIREMENTS

Upon request, sign language interpretation, materials in alternative formats and other accommodations are available to the public for MTA-sponsored meetings and events. All requests for reasonable accommodations must be made at least three working days (72 hours) in advance of the scheduled meeting date. Please telephone (213) 922-4600 between 8 a.m. and 5 p.m., Monday through Friday. Our TDD line is (800) 252-9040.

LIMITED ENGLISH PROFICIENCY

A Spanish language interpreter is available at all Committee and Board Meetings. All other languages must be requested 72 hours in advance of the meeting by calling (213) 922-4600 or (323) 466-3876. Live Public Comment Instructions can also be translated if requested 72 hours in advance.

3. SUBJECT: Oral Report on Budget

2021-0262

RECEIVED Oral Report on Budget.

Director Amparano asked what the distinction is between debt service cost and debt service. Staff responded that when Metro issues debt, it is issued against a source of revenue. Bonds are issued against a specific source of revenue for a specific set of expenditures.

Director Briskman commented that there was a significant sales tax revenue reduction due to Covid and asked for clarification on how revenue from 2020 was impacted. Mr. Phillips commented that when Covid struck, an estimated 10% reduction of FY20 was budgeted. Surprisingly, revenues were only down 5 ½ - 6%. Under most circumstances this would be significant, but the agency prepared itself for a 10% reduction. In the coming years, Metro expects to be on track of its long-term rate of growth of 3 ½%.

4. SUBJECT: Oral Report on Local Return

2021-0263

RECEIVED Oral Report on Local Return.

Director Amparano commented that the M1 Expenditure Plan will be beneficial on areas of improvement. Mr. Phillips commented that the individual cities will soon be reporting the budgets submitted and the actual expenditures incurred. The system will be reporting to the Metro Board of Directors and interested Committees on a local return basis. The report will include a list of the individual cities, objects in terms of various projects and expenditures, and specific revenue sources.

6. SUBJECT: Oral Report on Major Planning Phase Transit Projects in the Expenditure Plan

2021-0375

RECEIVED Oral Report on Major Planning Phase Transit Projects in the Expenditure Plan.

Director Briskman suggested receiving this report semi-annually.

Director Amparano commented that the report should include the planned progress and planned expenditure in the period. Having the current reports will help the committee to better compare planned progress with the actual. He would also like the reports to include contingency rundowns.

State of Good Repair

Metro

Transit Asset Management (TAM)

“TAM is a business model that uses condition of assets to guide optimal prioritization of funding at transit properties in order to keep our transit networks in a State of Good Repair” --- FTA

Per FTA’s TAM Rulemaking – A Capital Asset is in a State Of Good Repair if it meets the following Objective Standards:

- The capital asset is able to perform its designed function;
- The use of the asset in its current condition does not pose an identified unacceptable safety risk; and
- The life-cycle investment needs of the asset have been met or recovered, including all scheduled maintenance, rehabilitation, and replacements.

Metro’s TAM Policy Defines

SGR asset: one that is currently in use in operation and its rehabilitation or replacement needs shall be included in the asset inventory.

SGR capital project involves rehabilitating or replacing an existing asset. *Excluded from this definition are capital projects for capacity enhancements or expansions to existing projects or new services.*

TAM Inventory Database Overview

Asset Database Statistics – as of Nov. 2020 NTD update

28,307 asset records tracking over 520,000 assets

\$26.7 B SGR needs over 40 years (FY21\$)

\$19.2B Asset Replacement Value (FY20\$)

\$2.7B Current Backlog (FY20\$)

- Reported updated data into National Transit Database (NTD) 11/6/2020 - on time
- Next NTD update due is October 31, 2021
- Inventory \$19.2B – Will be updated after validation of data received for close of FY21
- Backlog: Assets overdue for replacement or rehabilitation

FTA TAM Requirements - Accomplished

Metro's Enterprise Transit Asset Management (ETAM) staff accomplished:

- All FTA FY20 National Transit Database (NTD) reporting requirements were fulfilled on time including: the Group Plan with the uniform performance targets; the TAM performance measures and targets were reported; and Southern California Association of Governments (SCAG) has been provided Metro's updated TAM Plan and the NTD performance and target data for their regional TAM reporting.

Support implementation of new Enterprise Asset Management System

- ETAM supported Phase I procurement.
- ETAM staff participating as Sponsor and Subject Matter Expert (SME) to procure and implement software Phase II – anticipated award Fall 2021.
- Coordinate and standardize an onboarding process for new assets from new capital projects

Continue Condition Assessments:

- Structures (Inspections) – continue coordination of track allocation to gain access to tunnels and bridges maintaining compliance with the CPUC-CA Public Utilities Commission regs
- Fire Life Safety Systems – continue coordination with Operations to gain access to areas where FLS Systems are present to assess conditions.

Transit Asset Management - Next Steps

Initiate next 4-year cycle of Facilities Condition Assessments

- Finalize Scope of Work
- Award by FY22 Q3

Provide input on development of SGR Capital Projects for FY23 Budget

- Provide current asset replacement needs to Operations for project proposals
- Provide SGR needs to long range planning and OMB for funding levels
- Include identification of asset replacements in capital project proposals to OMB
- Update backlog and SGR need with funded FY22 data

October 31, 2021 - FTA TAM Rulemaking compliance deadline:

- Held Technical Working Group meetings with Operations' asset managers including Micro Transit, to update asset information for 6/30/2021 reporting.
- July - Collected data
- August – Validate information with asset owners
- September – Formulate Performance Measures and Targets information, Written Narrative
- October – Receive Executive Approval
- Upload data into National Transit Database (NTD) for multiple asset reports
- Group TAM Plan update underway, coordinating with 34 sub-recipient transit agencies who participate

EPA not concurring with air quality conformity for the corridor-level environmental document. Legal challenges to the environmental document.	Ernesto Chaves/ Lucy Delgadillo	The environmental process for corridor improvements has stopped. Negotiations with the EPA on the extent of Air Quality conformity studies were not successful. Additional studies (hot spots analysis) required by EPA do not guarantee final approval because objective and quantifiable mitigation measures for future potential impacts have not yet been established. In May 2021, the Board directed staff to suspend work on the environmental document and to come back in September 2021 with a plan to re-engage local and regional stakeholders in the corridor to collaborate on a plan for future investment. Measure M funds not yet expended, Will need Measure M funds for subsequent phases/effort.
